Terms and Conditions of Sale

1. In these conditions ("these Conditions") unless the context otherwise requires:
 - (a) 'Avon' means in respect of Goods originating in the United States of America, Avon Protection Systems Inc. or Avon International Safety Systems Inc., and in respect of Goods originating in the United Kingdom, Avon Polymer Products Limited;
 - (b) 'the Customer' means the person or company accepting a Quotation of Avon for the sale/supply of Goods or whose order for Goods is accepted by Avon;

 - (d) 'Quotation' means a quotation, proposal, current published price list or similar document of Avon for the supply of Goods which is accepted by the Customer or an order for the supply of Goods which is accepted by Avon, and for the avoidance of doubt an "order" for these purposes includes an order completed over the telephone, via e-mail or on-line via Avon's website;
 - (e) 'Contract' means together the Quotation and these Conditions.
2. Avon shall supply and the Customer shall purchase the Goods in accordance with the Quotation, subject to these Conditions, which shall govern the Contract to the exclusion of any other terms and conditions. In the event of inconsistency between these Conditions and any special conditions contained in the Quotation, such special conditions shall prevail. No conduct by Avon shall be deemed to constitute acceptance of any terms put forward by the Customer.

Orders

3. No order submitted by the Customer shall be deemed to have been accepted by Avon unless and until expressly confirmed in writing by Avon, such confirmation to be made by written communication to the Customer specifically indicating acceptance (as opposed to receipt) of the Customer's order. In the case of any Quotation, authorisation to proceed with the delivery of the Goods in writing shall constitute the Customer's

6. Unless otherwise agreed in writing, all prices are quoted on an "ex works" basis under Incoterms 2000 and do not include the cost of obtaining export clearance (where applicable), any special packaging, shipping, insurance, bonds, import duties, import taxes, VAT or other applicable sales tax, all of which will be invoiced in addition to the price of the Goods.

Delivery

7. Delivery of the Goods shall be by carrier nominated by the Customer, with delivery arrangements to be made by Avon on the Customer's behalf acting as the Customer's agent. Except where agreed otherwise delivery of the Goods shall be on a "free carrier" (FCA) basis under Incoterms 2000 and shall occur on release of the Goods by Avon to the carrier at Avon's facility.
8. All delivery times stated in any Quotation are estimates only and are based upon conditions ruling at the date of such Quotation. The time of delivery is not of the essence and while reasonable efforts are made by Avon to deliver within any time specified in the Contract Avon shall be under no liability whatsoever for any loss suffered by the Customer whether directly or indirectly as a result of delay in delivery.
9. In relation to sales of Goods to customers located outside Avon's country of origin, release of the Goods to the nominated carrier is subject to receipt by Avon of export clearance. Avon shall be responsible for obtaining clearance for all export shipments and, subject to Avon using its reasonable endeavours to obtain export clearance, it shall not be liable for any delay or failure to do so.
10. The Customer shall make full disclosure to Avon of all information and material that Avon reasonably requires in order to make the necessary applications for export clearance and more generally to perform its obligations under the Contract. In making such disclosures the Customer will ensure that such information and material is true, accurate and complete in all respects, does not infringe any rights of any third party and is provided within sufficient time to enable Avon to perform its obligations under the Contract. Avon shall not be liable for any delay in the delivery of the Goods which is caused as a result of the Customer's failure to comply with its obligations under this clause.
11. When requested by the Customer, Avon shall provide a certificate of conformance stating that the Goods conform with the requirements of the Contract and that records substantiating conformance are retained by Avon and are available for review on request. The certificate shall be issued by Avon's quality assurance representative and shall include the order and Contract number, part numbers and description, Avon specification number, quantities, lot numbers and serial numbers. A copy of the certificate of conformance shall be included with the shipping documents for each shipment.
