## 5.11 STRYKE™ PANT 74369, 64386

The 5.11 Stryke™ Pant with Flex-Tac® is another break through pant exclusively from 5.11 Tactical. Flex-Tac is our patent-pending proprietary fabric with built-in 2-way stretch plus a stain and soil resistant finish. The Stryke Pant with Flex-Tac features aggressive styling and proven 5.11 Tactical comfort and durability. Imported.

- TEFLON® finish for stain and soil resistance
- 6.8-oz. (231g/m<sup>2</sup>) poly/cotton Flex-Tac ripstop fabric
- Self-adjusting tunnel waistband (Men's only).
- Reinforced front thigh utility pockets
- Badge holder front belt loops
- Quick access, low-profile patented pockets
- Genuine YKK® zippers and Prym® snaps
- Double knee with interior knee pad pocket

**ROY858 MEN'S** | BATTLE BROWN, CHARCOAL, BLACK, KHAKI, TDU GREEN, DARK NAVY, STORM, TUNDRA | (46-54 UNHEMMED \$79.99) 28-44 EVEN SIZES, 30-36 EVEN INSEAMS . . . . . **\$69.99**

**PATROL DUTY UNIFORM®**

In order to progress you must have an understanding of the past. Rooted in tradition, the uniform for peace officers is a symbol of authority and professionalism. We continue to honor the traditional uniform by creating a functional garment for the contemporary peace officer. That evolution of tradition leads to lighter and stronger fabrics and uniforms with enhanced functionality and comfort that can lead to higher officer safety.

As we continue our evolution of tradition we have

introduced our innovative TacLite fabric to the PDU® (Patrol Duty Uniform®) and created the Go Pant for the female officer. All these innovations and evolution of products are made possible by the constant feedback we receive from operators in the field and various Law Enforcement agencies around the globe. We are honored to be the brand of choice and we will continue to live up to those standards.

- Comfortable and breathable
- Superior fade-resistance
- Wash-and-wear fabric saves laundering costs
- No dry cleaning

**PATROL DUTY UNIFORM® PANTS** are available in 7.3-oz. twill or 6.1-oz. TacLite ripstop. All PDU® pants are made from 65% poly/35% cotton and feature a TEF-LON® finish for stain and soil resistance. PDU pants feature a self-adjusting comfort waistband with an extra-wide gripper waistband that cushions your duty belt and helps keep your shirt tucked in. Imported.

- Permanent creases
- Flashlight pocket on B-Class (kits available for A-Class)
- B-Class has patented cargo pockets

## STRYKE TACTICAL DUTY UNIFORM

THE NEXT LEVEL OF FLEXIBLE AND FUNCTIONAL TACTICAL UNIFORMS.

Functional designs, 5.11 Tactical's styling and our Flex-Tac® fabric work together to provide a tactical advantage in our new Stryke Tactical Duty Uniforms. 5.11's Flex-Tac® mechanical stretch fabric offers lasting flexibility, freedom of movement and a TEFLON® finish for stain and soil resistance.

Flex-Tac patent-pending fabric features mechanical stretch (built into the yarn) for lasting flexibility and freedom of movement. The fabric has a low-visibility ripstop weave and is treated with TEFLON® fabric protector for stain and soil resistance.

### STRYKE TDU® SHIRTS 72416, 72071

# COLD WEATHER GLOVES TO KEEP YOU WARM

## HATCH® ARCTIC PATROL™ GLOVES APG30

Fear no elements with Hatch® Arctic Patrol™ Gloves. Multi-layered protection includes a breathable/waterproof Hipora® liner, dual density polyester microfiber insulation, and water-resistant 100% polyamide shell. A polyester/polyamide lining provides additional warmth and comfort. Rubberized Sure Grip™ palm with "trigger control" index finger provides grip and control for firearm use.

S-2XL

HAT315 ..... \$41.95

## HATCH® WINTER SPECIALIST GLOVE NS430L

The Winter Specialist is a lined, winter version of the Specialist® and is designed specifically for cold, wet winter weather. The palm is made of Synsi-feel™ synthetic leather, which provides excellent grip and accurate feel. Toughtek™ non-slip patches are sewn onto the palm and all fingertips except the index finger, to facilitate the best possible trigger control. Dual inner linings of Thinsulate™ Insulation and breathable, waterproof Hipora® work together to keep hands warm and dry. The fluid proof properties of the Hipora® liner also protect the wearer against contact with deadly blood borne pathogens. A hook and loop closure provides a snug fit.

## GLOVE SIZING:

WRAP A TAPE MEASURE AROUND YOUR HAND AT THE WIDEST POINT (USUALLY THE KNUCKLES) AND MAKE A LOOSE FIST. NOTE THAT MEASUREMENT AND ROUND TO THE NEAREST INCH.

USE THE CHART BELOW TO FIND YOUR APPROXIMATE GLOVE SIZE.

Measurement	Glove Size
6"(15.2cm)	X-Small
7"(17.8cm)	Small
8"(20cm)	Medium
9"(23cm)	Large
10"(25cm)	X-Large
11"(28cm)	2X-Large
12"(30.5cm)	3X-Large

### HATCH® STREET GUARD™ WITH KEVLAR® SGK100

The Street Guard™ features a 9oz. Kevlar® interlock liner inside of the hands and fingers as an extra safeguard. Extreme Grip™ non-slip material in the cradle offers sure grip and positive weapon control. The back is constructed of neoprene and nylon spandex for a snug fit without hindering dexterity. The outer thumb area has terry cloth for wiping away perspiration. A hook and loop closure keeps the Street Guard securely in place.

XS-3XL

HAT112..... \$36.95

### HATCH® DURA-THIN™ SEARCH GLOVES SG20P

The Dura-Thin™ is one of the best selling gloves for Law Enforcement of all time. It is constructed from soft, durable cowhide leather that is cut "second-skin-thin". This allows for superior feel and dexterity while shooting, searching, handcuffing or driving. The wrist-length elasticized cuff provides a very snug fit and will not interfere with your jacket or shirt cuff.

S-2XL

HAT113..... \$24.95

### HATCH® SPECIALIST® THE ORIGINAL NEOPRENE GLOVE NS430

This superior grade neoprene provides distinctive Specialist® sensitivity for weapon and search use. Palms are made with Synsi-feel(tm) synthetic leather for an excellent grip and accurate feel. Extreme-Grip™ on palms and fingertips offer maximum grip. The Specialist offers all-day comfort, flexibility and warmth.

XS-2XL

HAT106..... \$19.95

### HATCH® STREET GUARD™ WITH X11™ LINER SGX11

The extremely popular Street Guard™ has been combined with the new X11™ liner to set the new standard in cut resistant duty gloves. The SGX11 is tested to over 11 lb of cut resistance and protects your entire hand against injury from sharp objects. Digitized synthetic leather palms with Positive Grip non-slip cradle offer sure grip and positive weapon control. The 3mm neoprene and nylon spandex laminated backs allow air circulation to keep you cool and provide a snug fit without hindering dexterity. The outer thumb areas have terry cloth for wiping away perspiration. Hook and loop closures keeps the SGX11's firmly in place.

## QUALITY EYEWEAR FROM

**POLARIZED FLAK JACKET**

- Interchangeable lenses to optimize performance in any environment
- Optical precision and performance that meets all ANSI Z87.1 standards
- UV protection of Plutonite® lens that filters out 100% of UVA / UVB / UVC & harmful blue light up to 400 nm
- Glare reduction and tuned light transmission of Iridium® lens coating

OAK108 ..... \$179.95

**FLAK JACKET**

- Interchangeable lenses to optimize performance in any environment
- Optical precision and performance that meets ANSI Z87.1 standards
- UV protection of Plutonite® lens that filters out 100% of UVA / UVB / UVC & harmful blue light up to 400 nm
- Glare reduction and tuned light transmission of Iridium® lens coating

OAK107 ..... \$139.95

**FLAK JACKET XLJ**

- Interchangeable lenses to optimize performance in any environment
- Optical precision and performance that meets all ANSI Z87.1 standards
- UV protection of Plutonite® lens that filters out 100% of UVA / UVB / UVC & harmful blue light up to 400 nm
- Glare reduction and tuned light transmission of Iridium® lens coating

OAK113 ..... \$135.95

**FIVES SQUARED**

- Durability and all-day comfort of lightweight, stress-resistant O MATTER® frame material
- Comfort and Performance of Three-Point Fit that holds lenses in precise optical alignment
- Optical precision and performance that meets ANSI Z87.1 standards
- Impact resistance that meets ANSI Z87.1 basic impact standards.

OAK106 ..... \$79.95

**M-FRAME STRIKE**

- Lightweight stress resistant O Matter® chassis
- Plutonite® lenses to block 100% of all UVA, UVB, UVC and harmful blue light
- Exceeds ANSI Z87.1 for optical and impact requirements
- Interchangeable lenses for optimal performance conditions
- Optional Iridium® coatings and lens tints reduce glare and tune transmission for any light condition

OAK114 ..... \$108.95

**RADAR PITCH**

- Durability and all-day comfort of lightweight, stress-resistant O Matter® frame material
- Optical precision and performance that meets ANSI Z87.1 standards
- Impact resistance that meets ANSI Z87.1 standards for high-mass and high-velocity impact
- UV protection of Plutonite® lens that filters out 100% of UVA / UVB / UVC & harmful blue light up to 400nm
- Interchangeable lenses to optimize performance in any environment

OAK116 ..... \$144.00

**GASCAN**

- Lightweight, stress resistant O Matter® frame material
- Dual lens Polar Ellipsoid™ geometry (two lenses cut from single toric shield)
- Plutonite® lens material blocks 100% of all UVA, UVB, UVC and harmful blue light
- Optional Iridium® coatings and lens tints to reduce glare and heighten contrast

OAK104 ..... \$109.95

**POLARIZED GASCAN®**

- Dual lens polaric ellipsoid geometry (two lenses cut from single toric shield)
- Plutonite® lens material blocks 100% of all UVA, UVB, UVC and harmful blue light
- Optional Iridium® coatings and lens tints to reduce glare and heighten contrast
- Exceeds ANSI Z87.1 standards for impact and optical requirements

OAK105 ..... \$159.95

**SI BALLISTIC M-FRAME 2.0 STRIKE ARRAY**

- Fully compliant with all ANSI Z87.1-2003 protection requirements
- Fully compliant with MIL-PRF-31013 Vo Ballistics
- Plutonite lens material blocks 100% of all UVA/UVB/UVC and harmful blue light

OAK-11-186 ..... \$200.00

### RADIANS EXPLORER 3 PACK™

Radians Explorer 3 Pack™ offers a set of 3 Explorer™ glasses in 3 combinations. Radians Explorer™ Shooting Glass has a sleek, lightweight design which offers a comfortable fit.

- Lightweight, comfortable design.
- Dual wraparound 9.75 base lens.
- Provides 99.9% UVA/UVB protection from the harmful rays of the sun.
- Choose from 3 like colors or a mix of all three.
- Shooting glass meets or exceeds ANSI Z87.1+ standards.

RAD-EX3124CS ..... \$9.95

### WILEY-X SLAY BLACK OPS

Play hard, work hard, and look sharp with the full-fledged features and ready-for-anything design of the Slay from Wiley X™.

- Scratch Resistant T-Shell™ Hardcoat - Wiley X lenses protect eyes; this resilient coating protects the lenses. Get fewer of those annoying little scratches and nicks.
- Smoke Grey Lens offers maximum glare reduction, won't distort colors, and is excellent in bright conditions. Light transmission: 15%.

WIL415 ..... \$61.95

#### ASP TRIAD USB TACTICAL LED LIGHT

Powered by a 18650-lithium ion battery, the Triad USB's revolutionary technology produces a brilliant 300 lumens of light with a continuous runtime of 90 minutes. The Triad USB design incorporates all the key features of ASP's Triad Series' lights, including the 3-position intermittent, locking and constant-on switch, which provides police officers with unparalleled performance in any situation.

**ASP706 USB** ..... \$123.25  
**ASP707 AA** ..... \$85.00

#### ASP TACTICAL LIGHTING CASE

ASP's flashlights are secured in the Triad TLC with the lens down. This position protects the lens from scratching and lets the user easily grab the flashlight's grip, pull it straight from the case and shine the beam quickly on a suspect or a situation.

The Triad TLC's clip is attached simply and securely to either a military or duty belt without having to remove the belt. The clip can be attached with two types of belt loops – one that rotates to 12 different positions or a second non-rotating loop that locks in three distinct positions.

**ROY-58830** TACTEC FLEX KIT . . . . . \$14.99

## ZERO-G PLATES 59509

**RESEARCH DRIVEN DESIGN:** In development and testing for nearly four years, the Zero-G Plates from 5.11 Tactical distribute the load of duty equipment correctly by utilizing the body's natural load bearing structure. Specifically, the Zero-G Plate positions the weight of your duty belt properly on your hip and through to your femur.

**PROMOTES A SPINE SAFE POSTURE:** Unlike traditional front-loaded duty belts which increase forward pressure on your lumbar spine and can prevent abdominal muscles from properly firing, Zero-G Plates promote a correct posture through their spring form ergonomic shape and correct use.

**LOW-PROFILE APPEARANCE:** Zero-G Plates maintain a neat, clean and professional appearance with a minimal profile while being made with state-of-the-art materials and construction. Zero-G Plates are made from a non-reflective carbon-fiber material and overmolded for comfort, durability and ease of use. The inner face of the Zero-G plate features a large hook-sided panel that securely adheres to your inner loop-sided liner belt. The Zero-G plate includes keepers and is also compatible with your existing keepers.

**ROY-59509** ..... \$99.99

## SIERRA BRAVO DUTY BELT 59505

Engineered with feedback from officers in the field, the Sierra Bravo Duty Belt updates the traditional Sam Brown belt and gives you the adaptability and customizability you need for the perfect foundation of your tactical or duty rig. The Slim-Lock buckle is extremely low profile, secure and easy on/off buckle to maximize your real estate on the belt. Constructed from super-resilient high-tensile 1680D nylon fabric, the Sierra Bravo features a water resistant back-coating that protects against sweat, rain and moisture. Designed to fully support a broad range of duty rig setups, including our new Sierra Bravo Pouches, the Sierra Bravo integrates with MOLLE web gear and the 5.11 SlickStick® System. The kit includes the main belt, the inner belt, and four individual keepers with dual-retention hook-and-loop/snap closure to keep your gear firmly in place throughout your shift. Imported.

- Built from ultra-strong 1680D nylon
- Water and weather resistant
- 5.11 Slim-Lock low-profile 5.11 buckle
- 2" belt width

**ROY-59505 2XL - 4XL** ..... \$49.99

## SIERRA BRAVO DUTY POUCHES 56244, 56247, 56243, 56246, 56245, 56258, 56257

New this season, these compression molded duty pouches are available in standard Law Enforcement utility formats. The outer layer is our high-strength 1680D nylon fabric for abrasion resistance and the interior is reinforced high-density material. Designed for easy integration with your duty gear. Imported.

THE ZERO-G PLATES VIRTUALLY DISAPPEAR UNDERNEATH A LOADED DUTY BELT.

*"...after wearing them for a few days I could not believe how comfortable the system was. The plates lock your gear into place... seems to push your duty belt in and up, making your gear seem weightless."*

# SAFARILAND

## SafariLaminate™

SafariLaminate™ construction is a unique thermal-laminate process used for the construction of many Safariland® products. This material is impervious to moisture, bloodborne pathogens, and does not break down like natural materials, making for an extremely durable and long-term professional looking product.

# STX TACTICAL®

## LIGHT AS NYLON, AS TOUGH AS NAILS

A tactical finish famous for its incredible strength, abrasion resistance and protective qualities. Heat laminated and molded to the exact shape of weapons and accessories for better security. Will not absorb water or sweat, dries quickly, and is easily cleaned with mild soap and water or Armor All®. A thin layer of SafariSuede™ in the liner protects the finish of guns and absorbs excess oils or lubricants.

## BIANCHI® ACCUMOLD® ELITE™ GEAR

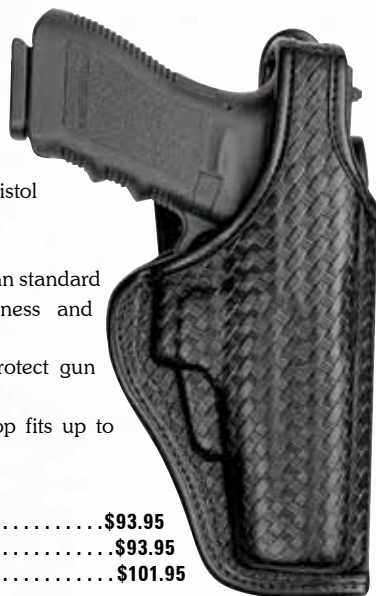

Bianchi has taken their AccuMold technology and dressed it up. The AccuMold Elite line offers the same construction of AccuMold, but with a Duraskin™ outer material that looks amazingly like leather. You can't tell the difference until you pick it up and see that it's almost half the weight of leather!

### BIANCHI DEFENDER® II DUTY HOLSTER 7920

- A hi-ride duty holster that positions pistol close to the body
- Top-draw design
- Made with 50% greater density foam than standard civilian AccuMold holsters, for firmness and strength
- Unique Coptex™ inner lining helps protect gun finish and provides a smooth draw
- Quick-Slide™ injection-molded belt loop fits up to 2.25" (58mm) belts

#### DESANTIS TUCK THIS II HOLSTER M24

DeSantis Gunhide® announces its latest addition in IWB nylon, the #M24 Tuck-This® II. It's built from heavily padded 1050D black Ballistic nylon and lined with slick pack cloth. The widely adjustable belt tab can swing from cross draw to FBI-strong side carry. The tab allows the shirt to be tucked down in between the gun and trousers

affording nearly total concealment. Auto loader versions of the Tuck This® II will have a magazine pouch built into the front holster spine. The M24 is currently made for most concealable hand guns in both right and left hand versions.

**DES216-A. .... \$39.99**

#### DESANTIS APACHE ANKLE HOLSTER 62

The Apache® is made for small, medium and large frame semi-autos and small frame revolvers. All semi-auto models feature an adjustable Velcro® thumb break. Revolver and .32cal holsters feature an adjustable thumb strap (without snap, Velcro® closure). Designs may vary. Available in black. Semi-auto and revolver holster

models are constructed with elastic and have a sheepskin lining with a snap thumb break. The .32cal holster models are constructed of neoprene and feature a Velcro® thumb break. Optional C14 strap accommodates semi-auto and revolver holster models only.

**DES205 ..... \$56.99**

#### DESANTIS THUMB BREAK HOLSTER - UNLINED 01

The firearm rides high and is presented at an optimum draw angle. Its thumb break and exact molding, together with a tension device, allows for a secure and highly concealable carry. This picture illustrates the three-slot model.

- Belt slots are 1 3/4 inch wide

#### DESANTIS 14 DIE HARD ANKLE HOLSTER 14

DeSantis announces its latest improvement in concealment leather, the #014 Die Hard™ Ankle Rig. It's built from top grain saddle leather and finished on the outside with a super tough PU coating. The smooth leather lining protects the gun's finish and offers a quick, silky draw.

The Die Hard™ Ankle Rig features a tough top grain leather lined holster with a conven-

tional thumb break that has been attached to a neoprene leg band. The leg band is both padded with foam and lined with sheepskin. A calf strap (C14) and boot extender (C15) are optional. This meticulously molded holster is both handsome and very comfortable. Available in Black.

**DES4008 ..... \$71.99**

#### DESANTIS NEW YORK UNDERCOVER RIG 11D

The New York Undercover™ Holster is a shoulder holster component which is crafted from top-grain cowhide and is molded to fit the exact firearm it is designed to carry. It allows for easy draw of the firearm, enabling the wearers to bring their firearms on target with one fluid motion.

This exceptionally comfortable holster is NOT supplied with accessories or a harness. Available in black lined leather or tan unlined leather.

BIA445 .....\$64.95

Harness and Shroud for accessories only

## SAFARILAND® 6004 SLS TACTICAL HOLSTER SYSTEM

The Safariland Model 6004 Tactical holster is built for comfort as well as functionality. This Tactical holster features the Self Locking System (SLS) rotating hood system which is so well suited for the tactical situations encountered today. The hood on the Model 6004 holster can only be released by being simultaneously pushed down and rotated forward and actually becomes more secure when upward force is applied. The STX Tactical® finish of the holster is rugged, protecting the gun in scrape, scratch and dent incidents. Molded sight track and soft SafariSuede™ protect the gun's sights and finish. A special feature of the Model 6004 is the double leg strap and the leg shroud. These two features combined equal comfort and stability in the holster position on the leg.

- Features the SLS (Self Locking System) rotating hood system
- SLS allows for a smoother, single-motion draw and greater protection against attempted weapon take-aways
- Thermal-molded SafariLaminate™ construction protects handgun and sights
- Standard double leg strap and leg shroud with mounting holes for optional accessories.
- For pistols and revolvers

## BLACKHAWK TACTICAL SERPA™ LEVEL III HOLSTER 430600BK, 430700BK

The level 3 Tactical Holster is Blackhawk's highest level of function, retention, and security. Featuring a flexible thigh platform designed for breathability, comfort, and stability, this full-length holster includes a thumb-activated Pivot Guard and SERPA Auto Lock release. The Y-harness suspension system distributes weight evenly while quick-disconnect swivel buckles on the belt mounts deliver maximum mobility.

- Flexible thigh platform conforms to leg size
- Y-harness suspension system keeps holster vertical when kneeling
- Quick-Disconnect swivel buckles allow superior flexibility and quick holster mounting and dismounting
- Accessory mounting locations for pouches, knives, mag cases, etc.
- Rubberized leg straps eliminate sliding
- Passive retention detent adjustment screw and SERPA® Auto Lock™ release
- Thumb-activated Pivot Guard for additional security
- No thumb break or awkward middle finger release to slow down your draw

## BLACKHAWK SERPA TASER X-26 HOLSTER 44H015BW, 44H015PL, 44H015BK

The SERPA Active Retention System has now been adapted for the TASER X-26. This new design incorporates our Detachable Belt Loop, so that officers can exchange the TASER between shifts without having to remove other items from the duty belt. Also fits all SERPA platforms, including duty belt loops, S.T.R.I.K.E., shoulder and tactical thigh platforms.

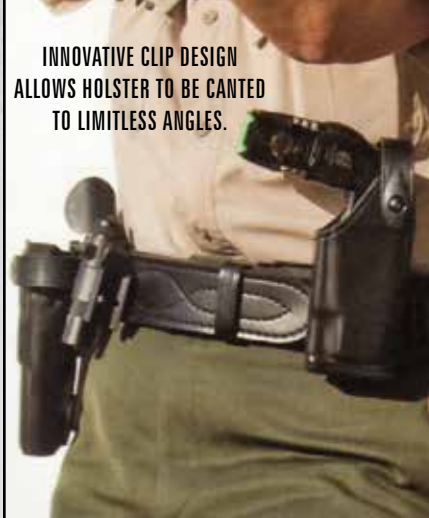

The multi-position design and rock forward draw, versus traditional straight draw, help prevent confusing weapons under stress and the holster is even designed to automatically engage the safety when reholstering the TASER.

The holster is designed to stabilize the X-26 even with the optional camera unit attached. The holster bottom is configured to block the probes in case of activation within the holster. The trigger and trigger guard are completely enclosed while the TASER is holstered.

# Smith & Wesson®

## SMITH & WESSON HANDCUFFS

Smith & Wesson Handcuffs are fabricated from the finest quality carbon or stainless steel. They are made with heat treated internal lock works, featuring smooth ratchets for swift cuffing and double locks to prevent tampering. From the original Model 100 series handcuffs to the unmatched durability of their restraint chains and leg irons - Smith & Wesson is a proven worldwide leader in handcuff and restraint production.

Along with the key actuated lock, all of their handcuffs come with a double locking system. The double locking system is actuated by means of a slot lock, push pin lock or the new, patented M&P lever lock- depending on the model.

### PATENTED M&P LEVER LOCK

With the tip of your finger, fully lift the lever and then allow it to return. Once this has been done, the double lock will be set. This causes the lock spring to move into a position that locks the bolt thus preventing the cuff from being further tightened.

**NO TOOL REQUIRED TO DOUBLE LOCK!**

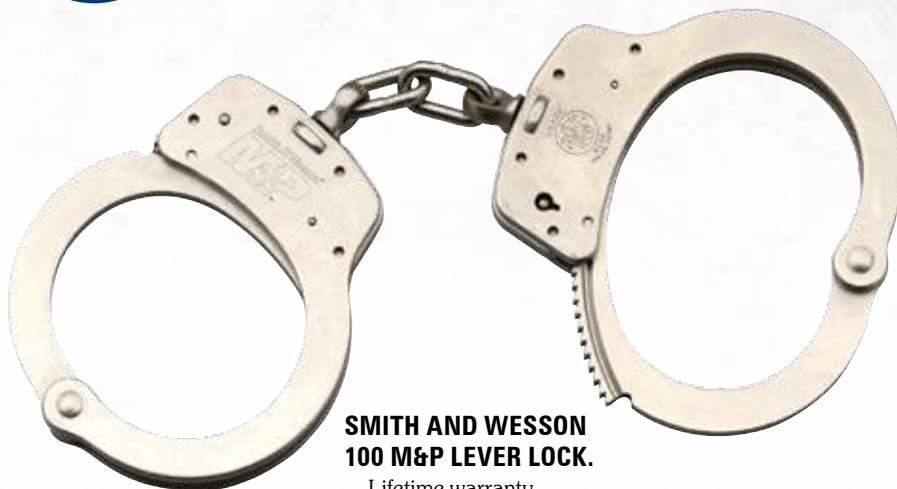

### PUSH PIN LOCK

Using the small peg on the top of the key, fully depress the push pin. This will double lock the cuff to prevent further tightening.

### SLOT LOCK

Insert the small peg on the top of the key into the double lock slot and slide to the center of the cuff. This will double lock the cuff to prevent further tightening.

HINGE CUFF

ASP111 - IDENTIFIER COLOR HANDCUFFS

GRAY, ORANGE, YELLOW, BROWN, PINK, BLUE

## ASP TACTICAL HANDCUFFS

It has been called the greatest handcuff advance of this century. The ASP Restraint System. A fusion of innovative design, advanced materials and cutting edge technology. The result of an exhausting eight year design effort. Chain, Hinge and Rigid Restraints are available in both Steel and Aluminum configurations. A system with real world features. A Restraint Series that has set a new standard for safety and security.

### ASP HANDCUFF SERIES

**Chain** handcuffs offer the most flexibility of all restraint designs. A flat contact bow improves application.

**Hinged** handcuffs provide increased control of violent subjects. Because of their conical bow geometry, the cuffs fit large subjects, yet still control small wrists.

ASP111 56101 CHAIN CUFF	.....\$38.25
ASP111 5610* CHAIN CUFFS IN COLOR (CHOOSE COLOR)	.....\$44.20
ASP112 56111 HINGED CUFFS BLACK	.....\$55.25
ASP380 56113 ALUMINUM HINGED CUFFS 15% LIGHTER	.....\$57.80

### ASP RIGID HANDCUFFS

ASP **Rigid** Handcuffs may be used to control the most resistive subject. Their extension lock design provides a secure structure that allows an officer to stabilize without impact. The folding mechanism of the Rigid cuff permits the restraint to be easily carried, then automatically lock open to form a solid restraint. It removes both lateral and linear mobility. For this reason, Rigid cuffs are ideal for courtroom or airline restraint.

## FORENSICS SOURCE

### FORENSICS SOURCE SPIT NET™

The Spit Net™ affixes under the arms for additional security while transporting threatening subjects. Ideal for prisoner transport, it protects against spitting and biting. The mesh netting and bacteria-filtering fabric gives the subject full visibility and breathability while helping to restrict the spread of biological contaminants.

ARM4067 SPITNET STRAP 100/PACK .....\$500.95

## FORENSICS SOURCE

### FORENSICS SOURCE TRANSPORT HOOD

Detainees who spit or bite are unpleasant to deal with and can be hazardous to the health of your personnel. The TranZport Hood™ features a bacteria-filtering medical-grade fabric which helps to contain contaminants and makes attempts at biting ineffective. A secure-lock tab and elastic neck-band allow for convenient application and prevents self-removal of the hood, without limiting the individuals range of vision.

NIK910 5 PACK.....\$38.25

## Humane Restraint®

### HUMANE RESTRAINT TRANSPORT BELT NT48

The lightweight material and ease of cleaning make this belt a low-cost necessity for anyone using handcuffs. It has an extra keeper for security and is available in multiple colors for coding. Nylon transport belt with side release buckle and D-ring. Fits sizes 22" - 48". Steel D-ring fits most chain and hinged handcuffs. Larger sizes available by special order. Handcuffs not included.

HUM4003.....\$34.95

### C&S SECURITY TRANSPORT CHAIN

The many uses for C&S's chain make it the number one group control chain in today's custody market. Its use in a maximum-security unit during a disturbance or unit fire would allow an orderly and secure evacuation to a more secure unit.

CNS100 .....\$34.95

### G&G PRISONER RESTRAINING BELT 36" TO 54"

This G&G heavy duty restraining belt is crafted of heavy weight, oiled russet leather. Features a heavy duty, roller buckle, and "D" ring in the middle. One size fits 36" to 54" waists. Heavy weight, features heavy duty roller buckle and D ring in middle. D ring accepts most chain and hinged handcuffs and restraining chains.

GOU973 .....\$71.95

## Humane Restraint®

### HUMANE RESTRAINT NYLON CONTROL STRAP

Controls the movement of a restrained person's legs to preserve the integrity of the vehicle and equipment as well as the protection of all passengers.

Close the door on squad car damage and injuries. Nylon control straps are made from 6000# tensile strength heavy duty web. The NCS-300 is available with hook and loop closure while the NCS-900 has a spring buckle. Both allow for fast application and removal while restricting movement of a restrained person's legs. Secure the closure and simply close the door on the control tail.

## 5.11<sup>®</sup> BREACHING SYSTEM

ENGINEERED BY SET<sup>®</sup>

### TRAINING DOOR 50138, 50231, 50232, 50344, 50346

The patent pending MultiPurpose Training Door is designed for repeated mechanical and hydraulic breaching. Successful door entry requires knowledge of proper tool placement and technique to maximize the advantage these tools provide. Made in USA.

**ROY-50138** MULTIPURPOSE TRAINING DOOR . . . \$6,999.99

**ROY-50231** REPLACEMENT DOOR CASE EDGE. . . \$299.99

**ROY-50232** REPLACEMENT DOOR JAMB EDGE, 10 QTY. . . \$299.99

**ROY-50344** TRAINING DOOR PINS, 100 QTY. . . \$49.99

**ROY-50346** TRAINING DOOR SHIMS, 100 QTY. . . \$79.99

### HEAVY BREACHING KIT 50268, 56993

The most complete and versatile breaching kit on the market for tactical entry teams. This kit contains everything a professional response team needs to quickly and safely enter buildings regardless of door types. Tools stow securely in the steel framed backpack for secure transportation and consistency in training. Imported, restricted sales.

- Includes: 50094 MultiBreacher, 50091 MiniRam, 50093 MultiPry, 50135 EdgeBender and 56993 Heavy Kit Bag.

- 37" height (94cm), 52 lbs (24kg) loaded weight.

**ROY-50268** HEAVY BREACHING KIT. . . . . \$1,399.99

**ROY-56993** HEAVY KIT BAG. . . . . \$299.99

### ACTIVE PATROL KIT 50267, 56992

Provides officers with a light-weight set of breaching tools suitable for inward and outward opening doors plus glass break-n-rake capability. Tools stow securely and compactly in the mission-specific Lite Kit Bag. Imported, restricted sales.

- Includes: 50092 MultiSledge, 50093 MultiPry and 56992 Lite Kit Bag

- 13 lbs (5.9kg) loaded weight

**ROY-50267** ACTIVE PATROL BREACHING KIT. . . \$499.99

**ROY-56992** LITE KIT BAG. . . . . \$89.99

### MINIRAM 50091

The MiniRam's optimal weight and balance delivers maximum striking force as a ram and impact tool for the MultiBreacher. The convex strike head is like a hammer head, ensuring that the maximum force is applied, regardless of contact angle. Weight: 23.2 lbs; length: 17.5". Patent pending. Imported.

**ROY-50091** . . . . . \$399.99

### MEDIUM RAM 50358

Designed to provide strong and reliable kinetic breaching. High quality steel construction and a strengthened impact head ensure accurate delivery of force, while sure-grip handles and ballasts provide control and balance. Light enough for use by a single operator, but strong enough for use by dual operators in tandem. Weight: 37 lbs; Length: 28.5", Width: 10", Height: 7". Made in USA.

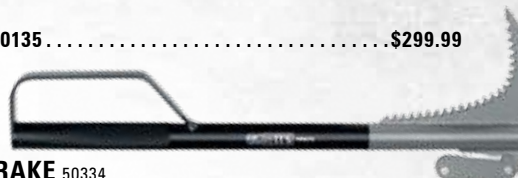

**ROY-50358** . . . . . \$489.99

### EDGEBENDER 50135

The EdgeBender revolutionizes entry through doors with security plates. With one simple operation, the security plate edge is folded out of the way to expose the door/frame gap, allowing the use of a MultiBreacher or MultiPry. Weight: 6 lbs; length: 17.5". Patent pending. Made in USA.

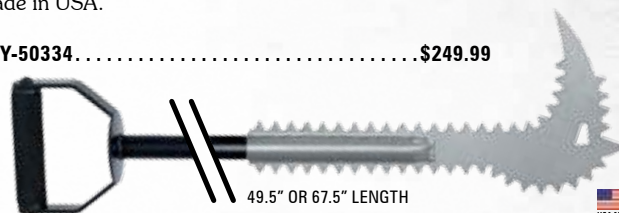

**ROY-50135** . . . . . \$299.99

### CARRAKE 50334

The 5.11 CarRake allows quick and safe breach and clearance of automotive and other laminated glass, allowing expedited rescue of occupants. The integrated seat belt cutter with replaceable blades enables safe and swift extrication. Weight: 3 lbs, 19.5" length. Patent pending. Made in USA.

**ROY-50334** . . . . . \$249.99

### GRYPHON BREAK 'N RAKE 50335, 50336

The Gryphon Break 'N Rake provides the superior power and strength required to penetrate and clear structural and laminated glass. Protective "D" Ring shaped handle with rubber grip provides excellent grip and control while sawing glass, ceilings, and walls. Select from a 49.5" (126cm) standard length or a 67.5" (171cm) extended length for greater reach and stand-off distance. Patent pending. Made in USA.

**ROY-50335** EXTENDED | WEIGHT: 9.5 LBS (4.3KG), 67.5" (171CM) LENGTH \$344.99

**ROY-50336** STANDARD | WEIGHT 8 LBS (3.6KG), 49.5" (126CM) LENGTH . . \$334.99

### MULTIPRY 50093

Like its bigger brother, the MultiBreacher, the MultiPry has a unique head design. With this small and very lightweight tool, you can open inward and outward swinging doors in all types of environments when used with the MultiSledge. Weight 5.4 lbs and 28" in length. Patent pending. Imported.

**ROY-50093** . . . . . \$239.99

### MULTIBREACHER 50094

The unique design of the patented MultiBreacher tool head enables the operator to open both outward and inward opening security doors in just a few seconds. Weight 8.4 lbs (3.8kg), Patent pending. Imported.

**ROY-50094** . . . . . \$289.99

### MULTISLEDGE 50092

The patented MultiSledge provides a unique combination of four tools in one: Multi-directional hammer, break 'n rake, pry bar, and ram. The rake tool allows the operator to shatter and clear all types of glass, including security and laminated windows. Weight: 6.8 lbs (3kg); Length: 27" (69cm). Imported.

**ROY-50092** . . . . . \$269.99

# BLACKHAWK! THE CHOICE OF AMERICA'S ELITE OPERATORS

## BLACKHAWK ACTIVE SHOOTER TOOL DE-ASHT

Designed with active-shooter callouts in mind, the Active Shooter Hallagan Tool's wedge features counter-angled friction ridges to help prevent tool slippage, grip breaching surfaces securely, and increase bite when breaching even the most robust doors like those found in government and school facilities.

- Non-sparking fork end
- Redesigned, tempered stainless steel wedge and horn
- Counter-angled friction ridges provide stability and prevent tool slippage
- Ergonomic handle reinforces proper hand placement
- Electrically nonconductive to 100,000 volts AC

**BHK151 ACTIVE SHOOTER TOOL ..... \$249.95**

## BLACKHAWK DYNAMIC DUO ENTRY TOOLS KIT

This new Wozniak design was created as an easily deployable kit that could work in the majority of breaching situations. Includes [C]Thundersledge, [B]The breacher, and [A] Dynamic Duo Quiver.

**BHK356 ..... \$269.95**

## DYNAMIC ENTRY BOLTMASTER

Heat treated edges of the Boltmaster series are the finest anywhere.

- 5.15 lb, 18"

**BHK156 ..... \$199.95**

## BLACKHAWK DYNAMIC ENTRY® HALLAGAN TOOL

Non-Sparking, Electrically non-conductive. The casting designs increase leverage for both the fork and the horn working ends. 8lbs, 29.5"

**BHK352 ..... \$191.95**

## BLACKHAWK DYNAMIC ENTRY® BREACHING SLEDGE

The new Breaching Sledge brings together the best of both worlds: the strike face of a sledge hammer with the prying wedge of a Hallagan tool, all in one revolutionary compact and lightweight tool. Length-22.5", Weight:11.5 lbs

**BHK1120 ..... \$139.95**

## BLACKHAWK DYNAMIC ENTRY® MONOSHOCK RAM DE-MS

The flagship of the Dynamic Entry® tool line, Blackhawk's Monoshock Ram is the expert breachers' entry ram of choice. Featuring electrically non-conductive, non-sparking construction, the Monoshock Ram is incredibly durable.

While raiding known or unknown explosive environments, the Monoshock Ram aids in safe operations. Its handles utilize a control-flex system that reduces impact stress to the operator. Padded quick release sling included.

**BHK349 ..... \$343.95**

## BLACKHAWK MOBILE HOME BREACHER

Outward opening doors have been a breacher's nightmare for years. Dynamic Entry® has spent hours in the development of a solution to this potentially hazardous obstacle. With minimal force, the Mobile Home Breacher will allow for safe and effective entry into outward opening doors during tactical operations. 5.5lbs. 28.5"

**BHK470 ..... \$207.95**

## BLACKHAWK BREAK-N-RAKE DE-BR

Specifically designed for window entries, the Break-N-Rake features a laser cut hook, serrated blades, and three 12" raking fins. 51", 9.6lbs. 69", 11 lbs.

**BHK543 SUPER 51" BREAK-N-RAKE .... \$269.95**

**BHK544 SUPER 69" BREAK-N-RAKE .... \$269.95**

DEFENSE TECHNOLOGY®

## DEFENSE TECHNOLOGY® PREMIUM WALLBANGER™ BREACHING TOOL

Your door knock will never be the same again. Using the Defense Technology® 7001CI charge, the WallBanger™ will breach a wooden or metal door, window, or even create a shooting port through a wall. Providing stand off, the breacher is able to reach the threshold far enough away to ensure a smooth entrance. Extended, it will deliver a charge to a second floor window. Using interchangeable heads, the WallBanger has amazing versatility and durability to overcome the challenges officers encounter.

**DEF105 WALLBANGER PREMIUM SYSTEM ..... \$4,475.00**

**DEF106 WALLBANGER BANG-N-BREACH SYSTEM ..... \$4,100.00**

**DEF107 WALLBANGER DELUXE DOUBLE BANG POLE KIT ..... \$3,450.00**

# BLACKHAWK!® DYNAMIC ENTRY BACKPACKS

## BLACKHAWK! DYNAMIC ENTRY TACTICAL BACKPACK KIT DE-TBK

The standard for most breaching operations, the Tactical Backpack Kit features the following:

- BoltMaster DE-BM
- ThunderMaul DE-TM
- Special Operations Hallagan Tool DE-SOHT
- Manual Entry Tool Pack 60ME00BK

**BHK347** ..... \$582.95

## BLACKHAWK! DYNAMIC ENTRY TACTICAL BACKPACK KIT B (DE-TBK-B)

The standard for most breaching operations, the Tactical Backpack Kit features the following:

- Special Operations Breacher DE-SOB
- ThunderMaul DE-TM
- BoltMaster DE-BM
- Manual Entry Tool Pack 60ME00BK

**BHK540** ..... \$572.95

## BLACKHAWK! DYNAMIC ENTRY TACTICAL BACKPACK KIT C (DE-TBK-C)

The standard for most breaching operations, the Tactical Backpack Kit features the following:

- BoltMaster DE-BM
- ThunderMaul DE-TM
- Active Shooter Hallagan Tool DE-ASHT
- Manual Entry ToolPack 60ME00BK

**BHK150** ..... \$599.95

## BLACKHAWK! DYNAMIC ENTRY MINI DEPLOYMENT KIT DE-MDK

Buy this kit and save. As active-shooter call-outs become more complex in nature, mission requirements led our research team to develop the Mini-Deployment Bag.

- Mini Breacher DE-MB
- Micro Thundersledge DE-MCR
- Mini Boltmaster DE-MBM
- Min Deployment Bag 60ME03BK

**BHK158** ..... \$499.95

## TACTICAL BACKPACK SERIES

Since its introduction, Dynamic Entry's Tactical Backpack Series has been the standard for law enforcement and military agencies worldwide. From the original Tactical Backpack Kit to our Modular Backpack, Dynamic Entry provides operators in the field with mission-specific tooling options to best meet their tactical entry needs.

## BLACKHAWK! DYNAMIC ENTRY MODULAR BACKPACK (PACK ONLY) DE-MBP

- Constructed of lightweight yet durable 1000 denier nylon
- Lumbar padding and wide shoulder straps delivery maximum comfort
- Large, tear-resistant, Kydex-lined tool pouch with reinforced drain holes
- Modular retention straps allow for quick and secure mission-specific tool configurations
- An assortment of various-sized modular retention straps are included

**BHK157** ..... \$199.95

### EXACT IMPACT™ SPONGE ROUND

The eXact iMpacT™ has been rigorously tested to ensure that its impact, energy and accuracy remain consistent and accurate through engagement distances from five to 100 or more feet. It gives you a single choice of munition, so when it's time to make critical decisions, you don't have to spend time deciding between short- or long-range munition. Plus, smokeless powder gives you consistent velocities and unblocked vision.

**DEF205** 6325 - EXACT IMPACT™ SPONGE ROUND. **\$26.50**

### DEFENSE TECHNOLOGY® 40 MM EXTENDED RANGE ROUNDS

The 40 mm Direct Impact® Extended Range Round has evolved from Defense Technology® design of the Direct Impact®.

This lightweight, high-speed projectile consisting of a plastic body and a foam (frangible) nose which is spin stabilized via the incorporated rifling collar and the 40 mm launcher's rifled barrel. The rounds utilize smokeless powder as the propellant and have velocities that are extremely consistent.

The 40 mm Direct Impact® Extended Range Round consists of a plastic body and a crushable foam nose that contains a powder payload. This payload area can hold inert, marking, OC or CS powder.

# AVON

## PROTECTION

### AVON EZAIR

The Avon EZAir leads a new generation of NIOSH approved compact, battery powered, modular airflow units.

Designed primarily for use with Avon Protection's class leading FM53 and C50 full-face respirator, it is substantially lighter than traditional airflow systems while still delivering a powerful flow of cooling, purified air directly to the mask.

Avon EZAir drastically reduces mask wear-

### AVON NH15 ESCAPE HOOD

The Avon NH15™ compact CBRN escape hood, is the smallest NIOSH certified CBRN Air Purifying Escape Respirator on the market. Its low cost makes it ideal for police, emergency medical services and fire officers seeking immediate or emergency respiratory protection in a CBRN scenario.

The NH15™ hood has a five year shelf life and provides a high level of respiratory, eye and face protection for a minimum of fifteen minutes to allow the user to evacuate from a contaminated area.

The clear material gives a non threatening appearance, aids with recognition and also allows for superior visual communication. Twin low-profile filters on a unique hinge system feature the latest filtration media which reduces breathing resistance and a front reflector makes it easier to identify colleagues in low light environments..

ing fatigue while providing the ability to breathe easier through better airflow. All of which enables the wearer to last much longer in physically taxing scenarios. And, equipped with Avon's CTF12 filter, the wearer is fully protected from non-lethal riot agents, including tear gas and pepper spray.

SHOWN WITH  
FM53 MASK

### AVON ST53 RESPIRATORY PROTECTIVE EQUIPMENT SYSTEM

Developed with the unknown elements of a threat scenario in mind, the ST53™ is the most advanced CBRN respiratory solution on the market. The ST53 combines Avon's FM53 mask technology with an advanced modular breathing apparatus to provide positive pressure SCBA and/or PAPR capability for specialist operations.

- Full back frame system offering 4.7 litre, 6.8 litre, and 9 litre lightweight carbon cylinder options
- Nickel-plated brass cylinder valve with option of locking and non-locking configurations.
- Remotely accessible, chest mounted pressure

gauge for monitoring of pressure.

- Whistle for end of service alarm which has the ability to be disabled if required.
- World's smallest chemically hardened first breath demand valve provides constant positive pressure.
- Option to mount on either side of the mask.
- CDV is attached to the mask via the standard 40mm thread connection.

CANISTER NOT INCLUDED

### AVON FM53 PROTECTIVE MASK

Avon Protection's revolutionary FM53 multi-role Respiratory Protective Equipment (RPE) System has been developed specifically for specialist applications where the user needs to respond to ever changing operational conditions.

The FM53 is globally acclaimed as the most technically advanced mask and offers both positive pressure SCBA, PAPR and negative pressure APR/capability. All of these capabilities are available from one mask platform without the need to change components. Available in right, left or twin port filter configurations.

The FM53 system was developed to address the multiple threats encountered on the modern battlefield, war on terrorism and peace keeping operations. It provides protection against traditional chemical and biological warfare agents and select toxic industrial materials (TIMs).

### LIBERATOR II™ DIGITAL TACTICAL HEADSET

TCI's Special Forces Liberator II (Single-Comm) is a digital tactical headset allowing an operator to interface, monitor and transmit on one radio. TCI electronic hearing protection systems deliver high-performance Digital Threat Compression Technology (DTCT) and Digital Situational Awareness Enhance (DSAE) for maximum protection and performance for the user.

- REV6 Digital Sound Processing supporting noise compression with spatial situational awareness
- Single radio capable, supports military communications and/or law enforcement/first responder systems
- Long and industry-leading 600 hour battery life on two AAA batteries.
- Provide a comfortable fit with MICH, ACH, OpsCore, and other commonly used ballistic helmets.
- Quick Disconnect single button push to talk assembly included
- Optional Headset colors and configurations available.

TCI-LIBII-BTH ..... \$795.00

### LIBERATOR III™ LITE COMMUNICATION HEADSET

LIBERATOR III LITE Dual-Comm headset systems deliver high-performance Digital Threat Compression Technology (DTCT) and Digital Situational Awareness Enhance (DSAE) for maximum protection and performance for the user.

- REV6 Digital Sound Processing supporting noise compression with spatial situational awareness
- Dual-Comm/Dual-Radio capable, supports military communications and/or law enforcement/first responder systems
- Long and industry-leading 600 hour battery life on two AAA batteries.
- Provide a comfortable fit with MICH, ACH, OpsCore, and other commonly used ballistic helmets.
- Quick disconnect dual button push to talk with two fixed audio interfaces included
- Optional Headset colors and configurations available.

TCI-LIBIII-2MO ..... \$1,150.00

### TABC III™ - TACTICAL ASSAULT BONE CONDUCTION HEADSET

TABC III is a state of the art, light weight binaural bone conduction headset. Binaural Dynamic Audio Resonance System (DARS) is our proprietary sound reproduction system that provides pristine audio fidelity that bypasses the ear drum and goes directly to the Cochlea through the mandible (jaw) bone.

- Binaural TABC III Headset with state of the art bone two bone conduction transducers and noise canceling boom microphone
- Supports military or law enforcement/first responder radio systems
- TCI Tactical Push-to-Talk (PTT) included. Dual communications version upon request.
- Lightweight, adjustable headset fits under ballistic helmets or other non-ballistic rigid or soft head gear.
- Designed to leave user's ears unobstructed for natural situational awareness and peripheral hearing.

TCI-TABCIII-DC ..... \$850.00

### SAS II™ - SPECIAL AIR SERVICE LOW-VIS TACTICAL EARPIECE

TCI's SAS II tactical headset system was developed to provide spec-ops and tactical units with a durable, low-profile communication solution that could be used for tactical and low-visibility missions. It provides phenomenal acoustical performance.

- Multi-use system for tactical and low-visibility applications.
- Crystal clear audio delivered to inner-ear using Soundwaves/FC R4 earcoil and choice of ear insert types.
- Noise-Canceling/Waterproof Microphone.
- Fixed push to talk assembly included.
- Supports military or law enforcement/first responder radio systems.
- Durable, yet supplied with flexible cables.

TCI-SASII-SAS ..... \$500.00

### TECS™ - TACTICAL ENFORCEMENT LOW-VISIBILITY MODULAR EARPIECE

The TCI™ Tactical Enforcement Communications System (TECS) was designed to give law enforcement professionals a high quality tactical earpiece with a modular option. The quick disconnect between the push to talk and earpiece gives officers and first responders the capability to "hot swap" from a low visibility earpiece to other headset options without major duty gear reconfiguration.

**TCI-TECS** ..... \$450.00

### TTMK-III™ - TACTICAL THROAT MICROPHONE HEADSET

TCI's Tactical Throat Microphone III (TTMK III™) is a state of the art tactical headset that was designed primarily for direct action and entry team applications. TTMK III™ systems incorporate an exceptional throat microphone, exceptional durability, and superb audio response.

**TCI-TTMKIII** ..... \$650.00

### MAST – MODULAR ANTENNA SYSTEM – TACTICAL

TCI Modular Antenna System - Tactical (M.A.S.T.) is an operator designed kit developed to increase radio antenna efficiency, user ergonomics, and to relocate tactical radio antennas. M.A.S.T. supports a variety of antenna connections, cable lengths, and applications.

**TCI-MAST-V4** ..... \$85.00-\$110.00

### TACK-1™ – TACTICAL ASSAULT COMMUNICATIONS HEADSET

- Adjustable neckband suspension
- Adjustable and shapeable headband
- Pivoting speaker noise-canceling/waterproof microphone
- TCI Tactical Push-To-Talk (PTT) and headset storage bag
- Supports over 250 different radio interfaces and manufacturers

**TCI-TACK-1** ..... \$525.00

### TACT-LITE™ EARPIECE SYSTEMS

- Threaded 3.5 MM connection, Right-Angle 3.5 MM connection, Right-Angle Commander 3.5 MM connection and Right-Angle 2.5 MM connection
- Earcoil types: PRO-Series clear/coiled acoustical tube or black Soundwaves/FC R3H™ earcoil upgrade
- Earpiece types: TACT-LITE™ non-occluding Earmold or Sound Attenuation Ear-Insert

**TCI-TACTLITEEPS** ..... \$100.00

### TACK-2™ – TACTICAL ASSAULT COMMUNICATIONS HEADSET

- Adjustable neckband suspension
- Adjustable and shapeable headband
- Fitted earpiece with a high-quality black Soundwaves/FC earcoil.
- TCI™ Tactical Push-To-Talk (PTT) and headset storage bag
- Supports over 250 different radio interfaces and manufacturers

**TCI-TACK-2** ..... \$550.00

**IMPROVED!**

### MUSTANG SURVIVAL® HEAVY DUTY BOAT CREW DRY SUIT

The Sentinel™ Series boat crew dry suits are ideal for crew members who don't intend to enter the water but require hypothermia protection in case of accidental immersion.

The Sentinel™ Series dry suits are in use by US Coast Guard and validated by NAVAIR, SAR Model Manager Office, Naval Special Warfare and water rescue professionals.

This heavy duty dry suit is ideal for higher hazard and abusive environments. The innovative 2-layer suit includes an inner GORE-TEX® dry suit layer and a heavy duty CORDURA® protective outer layer that is reinforced in key areas with 1050 denier ballistic nylon to guard the entire inner layer from grease, oil, rips and tears. The outer layer can be easily removed for cleaning, repair and replacement when required. Only 8 ounces heavier than the MSD634 Boat Crew suit, this heavy duty suit offers excellent versatility and durability.

- Includes 2.0 enhancements to performance and reliability
- Multi-position fleece lined storm collar
- Rapid Repair™ CCM™ adjustable neck seal can be worn loose to provide comfort out of the water (neoprene or latex neck seals optional)
- 62 square inches of SOLAS retroreflective tape
- 1050 denier ballistic nylon reinforced seat and elbows
- Large CORDURA® reinforced over cuffs with

Velcro® closures for adjustability at wrists and ankles

- Rapid Repair trim-to-fit neoprene wrist seals (latex wrist seals optional)
- Two-point attachment removable suspender system for improved fit, mobility and comfort
- Front relief opening standard; rear relief available (MSD645)
- 1050 Ballistic Nylon reinforced neoprene knee pads help prevent injury
- 1 calf pocket with neoprene survival hood attachment
- Integrated universal size GORE-TEX® Dry Socks (Size XL+ come with jumbo socks)

**MUS-MSD644** ..... **\$1,403.95**

### MUSTANG SURVIVAL INFLATABLE PERSONAL FLOTATION DEVICE - HI-VIS REFLECTIVE TAPE

The Hydrostatic Inflator Technology will only automatically inflate when submerged in 4 or more inches of water and not inadvertently due to rain, spray or humidity. Can self-right a face-down person in seconds. USCG approved exclusive to Mustang Survival in North America. Features the patented SecureZip™ closure system to ensure the PFD will stay closed during even the most rigorous activity and still inflate effortlessly. ANSI 107-2004 Class 2 compliant when worn with Diamond Rubber Products 8972 mesh vest.

**MUS-MD3183-T3** ..... **\$282.95**

## MARINE SAFETY SOLUTIONS

### MUSTANG SURVIVAL INFLATABLE PERSONAL FLOTATION DEVICE - SOLAS REFLECTIVE TAPE

Featuring the same great benefits of Hydrostatic Inflator Technology and the SecureZip™ closure, the MD3183 T2 hosts 64 square inches of SOLAS reflective tape on the outer shell and back flap. Back flap can be custom-screened for agency identification.

**MUS-MD3183-T2** ..... **\$282.95**

### MUSTANG SURVIVAL SENTINEL TACTICAL OPERATIONS DRY SUIT

Mustang Survival's Sentinel™ series Tactical Operations Dry Suit is a waterproof & breathable constant wear dry suit ideal for users engaged in potentially hostile military and law enforcement maritime operations which require immersed hypothermia protection that won't hinder the primary mission objectives. The MSD674 TO was specifically designed with feedback from Naval Special Warfare, select US federal tactical units and state & local police SWAT teams.

The result is a durable, lighter and better fitting dry suit with features found on industry leading combat and tactical uniforms.

**MUS-MSD674TO.....\$1,677.95**

### MUSTANG SURVIVAL SENTINEL SERIES DRY SUIT LINER

Designed with a combination Polartec® classic 200 fleece and Polartec® Power Stretch fleece, this dry suit liner provides extra insulation protection when in cold water and also helps reduce the thermal burden out of the water. The wicking fabric and thread move excess moisture away from the body to evaporate and diffuse through the outer layers of the dry suit.

**MUS-MSL600.....\$178.95**

### MUSTANG SURVIVAL SENTINEL BOAT CREW DRY SUIT

The Sentinel™ Series Boat Crew Dry Suit is a waterproof, breathable constant wear boat crew dry suit designed for law enforcement and search and rescue (SAR) small boat operations. Constructed with military grade GORE-TEX® BD6.5 waterproof breathable fabric, these dry suits are ideal for crew members who don't intend to enter the water but require hypothermia protection in case of accidental immersion. Includes 1050 denier ballistic nylon reinforcement in high wear areas such as the knees, elbows and seat. Rear relief entry available in MSD635.

This standard boat crew dry suit is ideal for regular duty and provides 1050 Denier Ballistic Nylon reinforcement in high wear areas such as the knees, elbows and seat.

**MUS-MSD634.....\$1,330.95**

### MUSTANG SURVIVAL COMPACT TACTICAL LIFE PRESERVER

The MD3196 is a compact life preserver that automatically inflates when submerged in water. Designed specifically for easy integration with body armor and tactical vests that use a Modular Lightweight Load-carrying Equipment (MOLLE) webbing system.

**MUS-MD3196.....\$334.95**

### MUSTANG SURVIVAL TACTICAL INFLATABLE SIDE POUCH PERSONAL FLOTATION DEVICE

The MD1250 is sold as a pair of pouches, including both the Left and Right units. Each unit contains 35lb buoyancy for a combined 70 lb buoyancy. Can be worn on a standard or padded LE belt or attach directly to Pouch Attachment Ladder System (PALS) webbing on Modular Lightweight Load-carrying Equipment (MOLLE) vests.

**MUS-MD1250.....\$441.95**

### MUSTANG SURVIVAL LE INFLATABLE PERSONAL FLOTATION DEVICE

The Law Enforcement version of the HIT Inflatable PFD includes Hydrostatic Inflator Technology for the most reliable inflation on the market and a customizable back flap for agency identification. Designed for serious users with exclusive technology that enhances safety.

**MON311** GROIN PROTECTOR ..... \$19.95

### CENTURION™ HARD SHELL SHIN GUARDS

- Hard polyethylene shells with interior leg brace support can safely withstand a substantial blow to the leg from non-ballistic weapons or flying debris
- Includes adjustable removable foot protectors
- Non-reflective outer surface
- Built-in knee pads and upper knee stabilizing strap with protective padding
- Padded outer ankle protector
- Three hook and loop elastic straps on the backside of the leg provide a secure fit

XS/SMALL: 13.5-15.5" | MEDIUM/LARGE: 15-17" | XLARGE/XXLARGE: 16.5-19"

**MON-TS70** ..... \$68.95

### 36" CORRECTIONS/RIOT BATON

36" Straight Baton From Monadnock® is great for any riot situation.

**MON315** ..... \$67.95

### FOREARM PROTECTORS

The Centurion™ forearm protector has been designed for use with the CPX1000 chest and shoulder protector to shield the entire forearm, from the wrist to the elbow. The FP100 does not provide ballistic protection, but will safely absorb blows delivered from blunt objects

**MON310** ..... \$24.95

## BLACKHAWK® ADVANCED V.2 TACTICAL KNEE PADS AND ELBOW PADS

Re-designed for maximum performance!

- Substantial protection in a lightweight, durable package
- Non-slip, flexible, molded polyurethane cap
- Allows maximum flexibility for ease of movement and comfort
- New padded side extensions for the knee pad provide additional comfort
- New contoured interior ledge prevents pad from slipping downward
- 600 Denier nylon shell
- Closed-cell foam padding provides excellent shock resistance
- Hook and loop elastic straps

COLOR: BLACK, COYOTE TAN, FOLIAGE GREEN, OLIVE DRAB

BHK517 ELBOW PADS .....\$18.45  
BHK518 KNEE PADS .....\$25.45

## BLACKHAWK® NEOPRENE KNEE PADS

- Layered construction with Neoprene outer shell keeps noise levels down and comfort up
- Closed-cell foam padding provides excellent shock resistance and little or no moisture retention
- Textured outer contact patch for durability and secure grip
- Interior grip patch and contoured ledge help prevent pad from slipping downward or sideways
- Unique dual-secure straps ensure pads stay on during critical missions

COLOR: BLACK, COYOTE TAN, OLIVE DRAB

BHK516 .....\$34.95

## BLACKHAWK® NEOPRENE ELBOW PADS

- Layered construction keeps noise levels down and comfort up
- Textured contact area increases durability and improves grip
- Closed-cell foam padding provides excellent shock resistance and little or no moisture retention
- Contoured inner section cradles the elbow and prevents slip-page and lateral movement
- Easy slip-on design

AVAILABLE IN BLACK

BHK519 .....\$15.45

## XTAK™ KNEE AND ELBOW PADS

Extremely light and flexible, yet this all new design provides superior protection and shock absorption with the flexibility to move the way your body moves.

- EVA high-density foam for superior shock absorption
- Lightweight TPU and Cordura® nylon construction
- CoolMax™ inner surface to wick moisture away
- Knee Pad features: Spandex adjustable straps with Hatch Rapid Deployment Clips and hook and loop closure for secure fit.

BLACK, DESERT TAN, DIGITIZED URBAN CAMO, AND OD GREEN

## TACTICAL

### FAV™ IIIA TACTICAL PLATFORM

#### THE ONE VEST YOU NEED WHEN YOU NEED MORE THAN ONE.

The FAV™ family of carriers provide unparalleled modularity, from high-risk tactical operations to first responder events, featuring ballistic panels that are fully interchangeable between carriers offering mission flexibility without compromising protection.

#### STANDARD FEATURES:

- Available in Standard Modular Webbing, AWS and QR
- 360 degrees of coverage and pouch attachment platform
- Velcro front closure system
- Removable front, back, shoulder and side ballistic panels
- Combo 8" x 10" / 10" x 12" exterior rifle plate pockets [front and rear]
- Combo 6" x 10" side panel and 6" x 6" plate pocket [both sides]

#### OPTIONAL ACCESSORIES:

- Detachable ballistic accessories including: collar, throat, upper arm (biceps), standard or enhanced groin and A-PEC side chest protective inserts
- Low Vis and Low Profile Enhanced carriers can be purchased for covert or overt applications using interchangeable ballistic panels

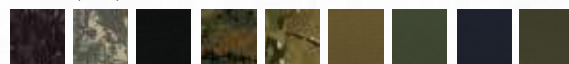

With Modular Webbing

\*Shown with Optional Ballistic Collar, Throat, and Biceps

#### Available Colors:

- Black
- Navy
- Tactical Green (483)
- Ranger Green
- Coyote
- Tan (499)
- MultiCam®
- MultiCam® Black
- Universal Digital Camo (ACU)
- Urban Digital Camo
- Woodland Digital Camo
- A-TACS® AU

#### FAV™ ADVANCED WEBLESS SYSTEM (AWS)

- The FAV AWS features the same sizing methodology, ballistic panel coverage/interchangeability and accessory compatibility as the traditional FAV Standard platform.
- The FAV AWS also features a split front closure system in addition to the 360 degrees coverage and pouch attachment platform.

### PROTECH® TACTICAL APV QUICK RELEASE CARRIER

The APV QR allows the user to customize their coverage to suit specific tactical maneuvers and is compatible with a spectrum of options currently offered by PROTECH® Tactical including detachable ballistic yoke, groin and biceps. The quick release mechanism allows the front and rear of the vest to be released through a single pull of a deployment handle located in the center upper torso on the front carrier. This provides the ability to remove the carrier quickly and effectively when the need arises. The quick release functionality has been streamlined by using a quad buckle system which is situated on the bottom front portion and the shoulder areas of the vest for ease of reassembly after the vest has been deployed.

- Centrally located, ambidextrous quick release pull strap
- Cable and buckle quick release system
- 360° 1-inch modular webbing platform for customized tactical pouch attachment and cummerbund adjustment
- External, front and back plate pockets designed to accept multi-size hard armor rifle plates
- Front and back hook & loop ID attachment platforms
- Upper arm (bicep) protection attachment system

## INCREASE THE PROTECTION OF YOUR BODY ARMOR WITH THREAT PLATES FROM PROTECH TACTICAL

PROTECH<sup>®</sup> TACTICAL HAS CREATED AN EXTENSIVE RANGE OF TACTICAL PLATES DESIGNED TO INCREASE YOUR PROTECTION WITH VIRTUALLY ANY VEST CONFIGURATION OR THREAT. OUR NEW LINE OF 10" X 12" SINGLE- AND MULTI-CURVE RIFLE PLATES ARE NIJ 01010.06 CERTIFIED AND ARE AVAILABLE IN AN AGGRESSIVE, MILITARY-STYLE SHOOTER'S CUT FOR ADDED MOBILITY AND COMFORT.

### IMPAC<sup>™</sup>-MT MULTI-THREAT PLATES

Combining the precision fabricated technology of IMPAC-HT (handgun threat) and the benefits of stab protection from the IMPAC-CT, The IMPAC-MT offers multi-threat defense against high-velocity handgun rounds, as well as spike and edged blade instruments.

889-5X7 5"X7"	\$162.00
889-5X8 5"X8"	\$162.00
889-7X9 7"X9"	\$209.25
889-0X2 10"X12"	\$243.00

### IMPAC<sup>™</sup>-HT HANDGUN THREAT PLATES

IMPAC-HT provides protection against some of today's toughest special threat rounds. The IMPAC-HT is precision fabricated with multiple layers of unidirectional polyethylene, compressed at ultra-high pressures to form a lightweight, semi-rigid special threat plate.

887-5X7 5"X7"	\$120.00
887-5X8 5"X8"	\$120.00
887-7X9 7"X9"	\$120.00
887-0X2 10"X12"	\$155.25

### IMPAC<sup>™</sup>-CT/DT CORRECTIONS/DUTY THREAT

The weapons used in the corrections environment are just as real as those on the street. PROTECH's IMPAC-CT/DT provides stab protection against spike and edged blade instruments. The IMPAC-CT/DT is made of a hybrid steel and ultra-lightweight polycarbonate material and is the thinnest stab protection insert available today.

888-5X7 5"X7"	\$82.50
888-5X8 5"X8"	\$82.50
888-7X9 7"X9"	\$97.50
888-0X2 10"X12"	\$104.00

### IMPAC<sup>™</sup> RT RIFLE THREAT PLATES

For protection beyond the norm, the IMPAC-RT provides officers the ability to protect themselves against high-powered rifle rounds. Made of ultra-high compressed polyethylene ballistic material, the IMPAC-RT is the same hard armor technology trusted in the PROTECH<sup>®</sup> Tactical brand. NIJ 06 level 3 (10x12 model only).

89A-5X7 5"X7"	\$318.50
89A-5X8 5"X8"	\$331.50
89A-7X9 7"X9"	\$422.50

THAN STANDARD MOLLE ATTACHMENTS**

### TACTICAL POUCHES FROM PROTECH<sup>®</sup>

PROTECH<sup>®</sup> Tactical Pouches allow you to configure your tactical or external vests to meet the unique needs of your operation. TP and LT pouches are available in Black, Navy, Tactical Green (483), Ranger Green, Coyote, Tan (499), MultiCam<sup>®</sup>, MultiCam<sup>®</sup> Black, Universal Digital Camo (ACU), Urban Digital Camo, Woodland Digital Camo, A-TACS<sup>®</sup> AU

Introducing the New LT Line of tactical pouches

- Features Helium Whisper<sup>™</sup> backing material—the lightest, thinnest attachment system available
- Weighs approximately 25% less than standard MOLLE attachments
- Unibody construction for added strength
- Reduces pouch bulk
- Inherently flame-resistant with antimicrobial properties

## PROTECH® DELTA™ 4 TACTICAL HELMET SERIES

The Protech Tactical Delta 4 helmet combines an ergonomically contoured style with an upgraded four-point adjustable suspension system, shock-absorbing foam padding and a floating mesh crown for maximum air circulation. Adjustable four-point retention system

- NIJ-0106.01 tested (modified to address type IIIA rounds and velocities)
- Advanced composite aramid material
- Optional boltless design for uncompromised impact protection
- ACH/warrior-style helmet (brimless)
- Ventilated, adjustable mesh crown and chin strap
- Optional military padding suspension system
- Optional R2S Adjustable Ratchet System

R2S System

# HELMET ACCESSORIES

## VAS SHROUD

Ideal for replacing the original helmet "hook and strap" mounting system, the lightest, lowest profile and least obtrusive front shroud solution available today.

**OPS-VASSHROUD . . . . . \$84.00**

## 702NB FOR ALL HELMETS

- Manufactured of poly-carbonate and coated with scratch-resistant material
- Meets NIJ-0104.02 Riot Face Shield Standard
- Detachable system
- Locking mechanism for stowed and deployed orientations
- Rubber liquid barrier seal at helmet/shield interface

**PRT-702NB 702NB RIOT FACE SHIELD . . . . \$82.50**

## 702L SINGLE HIT

- Manufactured of poly-carbonate laminate
- Defeats single hit from 9mm FMJ 124-gr. with a velocity of 1200 fps
- Size: 6' x 15'
- Weight: Approx. 2.3 lbs.

**PRT330 702L SINGLE HIT BALLISTIC FACE SHIELD . . \$202.50**

## 702M MULTI HIT

- Manufactured of poly-carbonate laminate
- Defeats multiple hits from 9mm FMJ 124-gr. with a velocity of 1200 fps
- Size: 6' x 15'
- Weight: Approx. 2.5 lbs.

**PRT331 702M MULTI HIT BALLISTIC FACE SHIELD. . \$236.25**

## 702MT MULTI HIT

- Manufactured of poly-carbonate laminate
- Defeats multiple hits from 9mm FMJ 124-gr. with a velocity of 1400 +/- 30 fps and a 7.62 x 25mm steel jacket and velocity of 1590-1690 fps
- Size: 6' x 15'
- Weight: Approx. 2.5 lbs.

**PRT377 702MT MULTI HIT/TAKAROV FACE SHIELD . \$263.25**

## ACH-ARC ACCESSORY SIDE RAIL SET

#### 7.62 ASSAULT SHIELD

Type III Rifle/Special Threats Protection.

Developed in response to the military's immediate need for a type III, high-speed, tactical shield with outstanding rifle protection, the 7.62 Assault Shield is ideal for operations that must be carried out in tight quarters.

Standard Features:

- Contoured shape for high-speed tactical assaults in tight situations
- Complies with NIJ Standard -0108-.01 type III
- Unique adjustable clamp-on handle eliminates mount holes
- Special threats tested against 7.62 by 39 mild steel core
- Quick-release adjustable shoulder strap
- Lightweight thermal plastic covering for added protection
- A radial curvature for wrap-around protection

1. ASSAULT 1 (16"x24" 12 LBS)

**PRT308** .....\$2,232.00

2. ASSAULT 2 (16"x30" 15 LBS)

**PRT309** .....\$2,520.00

3. ASSAULT 3 (16"x39" 19 LBS)

**PRT310** .....\$3,168.00

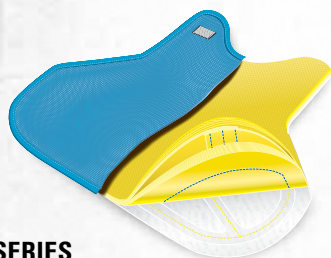

## XTREME SERIES

The Xtreme® XT is one of the most well-balanced ballistic packages in the industry. Focusing on the marriage between comfort and reliability, the XT incorporates advanced hybrid designs to achieve a high level of protection against a wide array of standard and special threats without compromising comfort and value.

**ABA-XT02-2A-M** TYPE IIA (1.1 LBS/FT<sup>2</sup>) . . . . \$513.50  
**ABA-XT02-II-M** TYPE II (.89 LBS/FT<sup>2</sup>) . . . . . \$643.50

## HP SERIES

The Xtreme HP is a high performance ballistic package that exceeds the NIJ Standard-0101.06. The lightweight, thinness and flexibility of the HP allows for comfortable wearability without compromising its ballistic integrity, proven by its capabilities against a wide array of standard and special threats.

# 5.11+ TACTICAL SERIES®

## DPT KNIFE 51115

Especially well-suited for the first-time knife buyer, the DTP (Drop In The Pocket) is a handy pocket-friendly knife that is perfect for daily cutting needs. The ergonomic handles have an open skeleton pattern that is highlighted with contrasting color liners on most versions. The DTP's lockback mechanism ensures a secure blade when open and safe closure for right- and left-handed users. The drop point blade has an ambidextrous thumb hole and the reversible pocket clip provides convenient carry options. Imported.

- Blade: AUS8 drop point with Storm Grey Teflon® finish
- Dimensions: 2.85" blade, 6.5" open OAL
- Locking mechanism: lockback
- Handle: Textured FRN with accent-colored steel liners
- 2-position pocket clip
- Designed by Mike Vellekamp

### PREFENSE® COURSE 51109, 51110

Designed with critical input from Federally Certified Force Options instructor Steve Tarani, Courser knives are dependable cutting tools in a compact package. The ergonomic scales fit comfortably and confidently in the hand and the ambidextrous thumb studs and uniquely textured blade promote quick deployment in any situation. We tumbled the blade and hardware for a subdued and attractive finish and the liner lock construction is safe and secure. Imported.

- AUS8 spear point blade with black oxide finish
- Two sizes: 2.5" blade (6.5" OAL) or 3.5" blade (8.5" OAL)
- Liner lock mechanism
- Textured FRN scales with full length steel liners
- 4-position pocket clip, thumb stud, textured blade

# SOG®

KNIVES ★ TOOLS

Preferred by U.S. Special Forces teams and field-proven by the best of the best, SOG is ideal for anyone preparing to face nature's most extreme conditions. With a full line of knives and tools that are engineered with precision and built to perform, you can carry your SOG blade with confidence knowing it's ready to rise to any occasion... just like you.

## SOG VOODOO HAWK

The Voodoo Hawk was designed as a combination of the tactical Tomahawk and Fast-Hawk, featuring an extended cutting head, compact glass-reinforced nylon handle, and metal butt cap. Includes Nylon carry sheath.

- Handle Material: Glass-reinforced nylon

SOG-F18-N..... \$57.95

## SOGFARI MACHETE - 13" AND 18"

The SOGfari machete features:

- Carbon steel blade with saw back
- Kraton rubber handle
- Nylon sheath

SOG4001 13"..... \$20.95

SOG4002 18"..... \$25.95

## SOG FLASH I & II

The Flash line of knives debuted SOG's new patent pending S.A.T.™ (SOG Assisted Technology). This mechanism helps propel the blade open once the operator has initiated the one-handed opening action. They're as fast as lightning, and an extremely strong blade lock.

This opening action is uniquely different

from all others with a fast start and a power curve throughout the movement of the blade. Flash I has a 2.5" blade while the Flash II has a 3.5" blade

SOG406 FLASH ..... \$46.95

SOG408 FLASH II ..... \$57.95

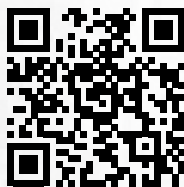

## SOG TRIDENT - TIGERSTRIPE

Trident is unique with the patent pending Groove™ in the handle, which allows the operator to cut paracord, fishing line, etcetera without having to open the blade. The Trident Tigerstripe's blade is an evolution as well. Taking key

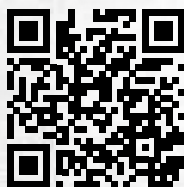

elements from previous blade shapes created a distinct hybrid of form and function.

The Trident embodies the spirit of our elite special forces throughout the world. 8.5" overall length.

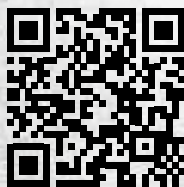

SOG401 ..... \$87.95

## WHAT IS THE MOS?

Glock engineers have developed the Glock Modular Optic System to simplify mounting of popular optic sights without costly custom machining of the pistol's slide. Optical sights are popular in competitive shooting and are becoming increasingly popular for concealed carry, home defense and target shooters.

The Glock MOS allows the shooter to mount the sight of their choice, easily and quickly using only a few tools. The versatility of the system makes changing optics easy. Switching from one sight to another is as simple as removing the old sight, removing and reinstalling the correct adapter plate, then mounting the new sight. The MOS is offered with a cover plate when no optic is mounted and four different plate options to comply with the specifications of some of the most trusted optic manufacturers in the industry.

## GEN4 PISTOLS

Glock GEN4 Pistols offer radical external and internal improvements over previous generation GLOCK pistols.

- Less recoil (slower slide velocity)
- Stainless-steel, double-wound, two-tage, recoil spring assembly
- Twice the recoil-spring rated service life (5000 plus rds vs 2500 rds)
- Smallest circumference short-grip frame Glock has ever offered
- Shortest trigger reach Glock has ever offered
- 2 additional snap-on full-length backstraps (medium and large) for larger hands
- Reversible mag catch (30 second switch to right side for left-handed shooters)
- Reliable feeding
- More accurate (tighter lock-up)
- Fits Gen3 holsters
- Gen4 comes with 3 mags
- Easy-to-grip Gen4 frame with pointed "pyramids" instead of checkering
- Dual recoil spring for increased reliability.
- Swappable backstraps
- Magazine release is swappable between left and right (older magazines will only work when release is on left side)

The following parts will not interchange with the Gen1, Gen2 and Gen3: frame, slide, trigger bar, magazine catch, recoil spring assembly, back-strap assemblies, trigger mechanism housing, trigger mechanism housing pin.

### PEARCE MAGAZINE EXTENSION

Glock Grip Extension Made from a tough Nylon Polymer Blend, this grip extension was engineered to match the contour and texture of the Glock 26 and 27, adding a third finger groove. It replaces the factory magazine bottom.

**PIE721** DOES NOT ALTER CAPACITY **\$9.95**

SIG SAUER® world renowned firearms are the weapons of choice for many of the premier global military, law enforcement and commercial users. High quality, ultimate reliability and unmatched performance have always been hallmarks of the SIG SAUER brand. In the USA, nearly 1 in 3 law enforcement professionals use SIG SAUER firearms.

SIG SAUER is the largest member of a worldwide business group of firearms manufacturers that includes J.P. Sauer & Sohn and Blaser, GmbH. in Germany and Swiss Arms AG in Switzerland. This global network of companies gives SIG SAUER a world-class firearms knowledge base, unparalleled design expertise, and extensive manufacturing capacity, enabling the company to respond quickly and effectively to changing market conditions and the needs of its military, law enforcement, and commercial markets worldwide.

"We are proud that many elite military and government forces including the U.S. Navy Seals, the Federal Air Marshals, the Department of Homeland Security and the U. S. Coast Guard carry SIG SAUER firearms"

- Ron Cohen, President and CEO of SIG SAUER.

# FNH USA

Two words have always been synonymous with the leading edge of firearms design and manufacturing – Fabrique National. For well over a century, FN has been at the forefront of every aspect of firearm innovation. From the legendary Hi power and Fal to today's innovative FN Five-seveN and SCar™, the path forward has been blazed by FN. You might even say that innovation is in our DNA.

Today's FN firearms represent the end product of some of the most sophisticated technology available anywhere in the world. Every aspect, from the initial conceptual design through engineering, manufacturing, final assembly and testing all benefit from our investment in advanced technology.

Every FN firearm begins with a detailed analysis of the end user's needs. These user needs drive every aspect of the design process. How will the firearm ultimately be used and under which environments? How can FN design the firearm to be more operatorfriendly? How can the ergonomics be improved to allow the firearm to fit a wider variety of operators and be more adaptable to their individual needs?

## FN FNX-9

The ergonomic polymer frame has a low bore axis for less felt recoil and improved control. The grip panels are checkered and ribbed for comfortable, no-snag carry. Four interchangeable backstrap inserts quickly adapt the FNX to your hand size. The profiled stainless steel slide has cocking serrations front and rear, and the

4" hammer-forged stainless steel barrel delivers pinpoint accuracy. Ambidextrous operating controls make the FNX perfect for competition or personal defense.

9 MM  
**FNH116** ..... \$514.00  
 AGENCY ..... \$430.00

## FN FNX-40

The ergonomic polymer frame has a low bore axis for less felt recoil and improved control. The grip panels are checkered and ribbed for comfortable, no-snag carry. Four interchangeable backstrap inserts quickly adapt the FNX to your hand size. The profiled stainless steel slide has cocking serrations front and rear,

and the 4" hammer-forged stainless steel barrel delivers pinpoint accuracy. Ambidextrous operating controls make the FNX perfect for competition or personal defense.

40 S&W  
**FNH117** ..... \$514.00  
 AGENCY ..... \$430.00

## FN FNS-40

Chambered in the hard-hitting 40 S&W, FNS- offers the simplicity of double-action striker-fired operation with the additional security of a manual safety. All operating controls are fully ambidextrous for ease of use with either hand and from any shooting position. Three-dot Night sights are standard with the innovative Deep-V rear sight notch for faster, more precise sighting. Both the slide and barrel are stainless

steel with front serrations, while the checkered polymer frame has two interchangeable backstraps and lanyard eyelets. The MIL-STD 1913 under-frame rail accepts tactical lights and lasers.

40 S&W, W/(3) 14 ROUND MAGAZINES, TRIJICON NIGHT SIGHTS  
**FNH162** ..... \$462.00  
 AGENCY ..... \$386.00

## FN FNS-9

The pre-loaded striker mechanism of the pistol ensures a short and light trigger pull for fast and accurate shooting.

A low bore axis provides minimized perceived recoil and reduced muzzle rise.

The new FNS is fully ambidextrous, allowing the user to access and activate the manual thumb safety levers, slide stop lever and magazine release button with either hand from either

side of the pistol. Standard features on the FNS include a hammer-forged stainless steel barrel, a forged stainless steel slide with front and rear cocking serrations, a full-length stainless steel recoil spring guide rod and FN's exclusive low-profile Deep-V™ three-dot night sights.

9 MM, W/(3) 17 ROUND MAGAZINES, NIGHT SIGHTS  
**FNH161** ..... \$462.00  
 AGENCY ..... \$386.00

## FN FIVE-SEVEN

The FN Five-seveN® single-action autoloading pistol fires the low-recoil 5.7x28mm cartridge making it ideal for personal protection, target shooting or NRA Tactical Police Competition. It features a textured, ergonomic polymer frame with checkered panels for enhanced grip.

The barrel is hammer-forged and chrome-lined for enhanced accuracy and extended service life.

MATTE BLACK, OLIVE DRAB GREEN OR FLAT DARK EARTH FRAMES. ADJUSTABLE COMBAT SIGHTS.

SCAR 16S

SCAR 17S

### SCAR 16S (FDE 98501 OR BLACK 98521)

The SCAR 16S is chambered in 5.56x45mm NATO/223 Remington with an innovative, gas-operated short-stroke piston system. The SCAR 16S features a free floating, cold hammer-forged MIL-SPEC barrel with hard-chromed bore. Fully-ambidextrous operating controls instantly adapt the SCAR 16S to any user. The receiver integrated MIL-STD 1913 optical rail plus three accessory rails enable mounting a wide variety of optional tactical lights and lasers. The unique side-folding polymer stock is fully adjustable for comb height and length of pull. Models with 10- or 30-round detachable box magazines (DBM) are available.

**REMINGTON 870™ PUMP-ACTION SHOTGUNS**

The nation's leading defender. For a half century, the Remington® 870™ has been the pump shotgun of choice for government agencies. With over 10 million produced to date, it remains the standard by which all pump actions are measured. Its dual, non-binding action bars deliver ultrasmooth, reliable cycling. Standing the test of time, extreme conditions and duty. The ultimate pump shotgun, the 870.™

- Non-binding twin action bars provide smoothest, surest pump operation
- Receiver milled from solid block of steel
- 3" chambers accept all 2 3/4" and 3" 12 gauge shells
- Balanced sear and inertia firing pin prevents discharge unless action is closed and trigger pulled
- Flexitab™ feeding system prevents a misfeed from jamming the shotgun

# BERETTA

## BERETTA ARX100 TACTICAL RIFLE

It takes the concept of a modular rifle to futuristic levels, while maintaining an absolutely simple operation that make it ultra-reliable. With ambidextrous controls, easily-replaceable barrel and vir-

tually endless possibilities for customization and accessorization, the ARX100 is adaptable to any firing scenario and is perfect for today's most demanding tactical shooter.

**BER-ARX100** ..... \$1,485.00  
**AGENCY** ..... \$1,347.28

## BERETTA 1301 TACTICAL SHOTGUN

The 1301 is Beretta's new gas operated semi-automatic shotgun designed for law-enforcement and home-defense. Engineered to be ultra-reliable and easy to use, it has all the features that a modern tactical shotgun should offer—and more. And thanks to

its compact size (barrel length: 18.5"), it is ideal for negotiating tight spaces as well as for being safely stored away when not needed.

**BER-1301TACT.** ..... \$879.00  
**AGENCY** ..... \$778.38

## BERETTA BU9 NANO PISTOL

The Nano was designed with one goal in mind: creating the ideal micro-compact pistol for concealed carry and personal defense. Thanks to its thin, snag-free profile, the Nano effortlessly glides in and out of your holster, while its smooth contour and low weight offer you maximum comfort even for all-day carry. Its operation is simple and intuitive, and its modular design gives you several custom options requiring no gunsmithing.

**BER-BU9NANO-CNS** ..... \$415.00

### IC-PDW

The smallest and most unique rifle of the IC family. This gun is designed to be an ultra compact personal defense weapon. The IC-PDW comes standard with an 8.5" NiCorr treated barrel. With a quick-deploy 2 position stock, it's compact size and light weight means it can be carried and deployed in a va-

riety of roles. The PDW comes with the same ambidextrous lower controls as the other IC family members.

- CALIBER 5.56 NATO
- BARREL 8.5" 26.6cm
- WEIGHT 5.9 lbs
- LENGTH 20.5"-25.5"

**LWR4131** ..... \$2,269.43  
**AGENCY** ..... \$2,224.93

\*NFA restricted item  
 \*\*Full auto version for agency purchase only

### IC-SPR

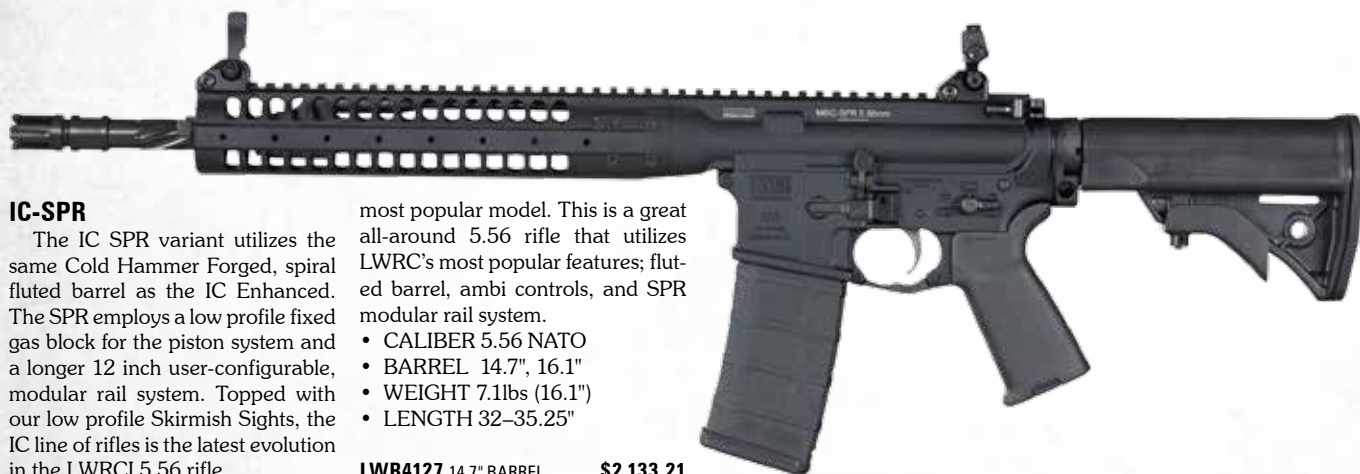

The IC SPR variant utilizes the same Cold Hammer Forged, spiral fluted barrel as the IC Enhanced. The SPR employs a low profile fixed gas block for the piston system and a longer 12 inch user-configurable, modular rail system. Topped with our low profile Skirmish Sights, the IC line of rifles is the latest evolution in the LWRCI 5.56 rifle.

The IC-SPR is our flagship and

most popular model. This is a great all-around 5.56 rifle that utilizes LWRC's most popular features; fluted barrel, ambi controls, and SPR modular rail system.

- CALIBER 5.56 NATO
- BARREL 14.7", 16.1"
- WEIGHT 7.1lbs (16.1")
- LENGTH 32-35.25"

**LWR4127 14.7" BARREL** .... \$2,133.21  
**AGENCY** ..... \$2,091.39

### IC-A5

The IC-A5 is one of the newest models in the IC product line. Customers desired and requested an adjustable gas block with the longer 12" SPR style rail system on the same rifle. We listened and fulfilled the request. The IC-A5 has a low profile 2 position adjustable gas block which allows the user to compensate for running a suppressor while getting the benefit of our longer modular rail system. A spiral fluted version of our Cold Hammer

Forged barrels is standard on the 14.7" and 16" barrel lengths.

The IC-A5 bring together features of both the IC Enhanced and the IC-SPR in one package.

- CALIBER 5.56 NATO
- BARREL 14.7", 16.1"
- WEIGHT 7.0lbs (16.1")
- LENGTH 32-35.25"

- LE Academy Cadets with enrollment documentation from the Academy

### IC-PSD

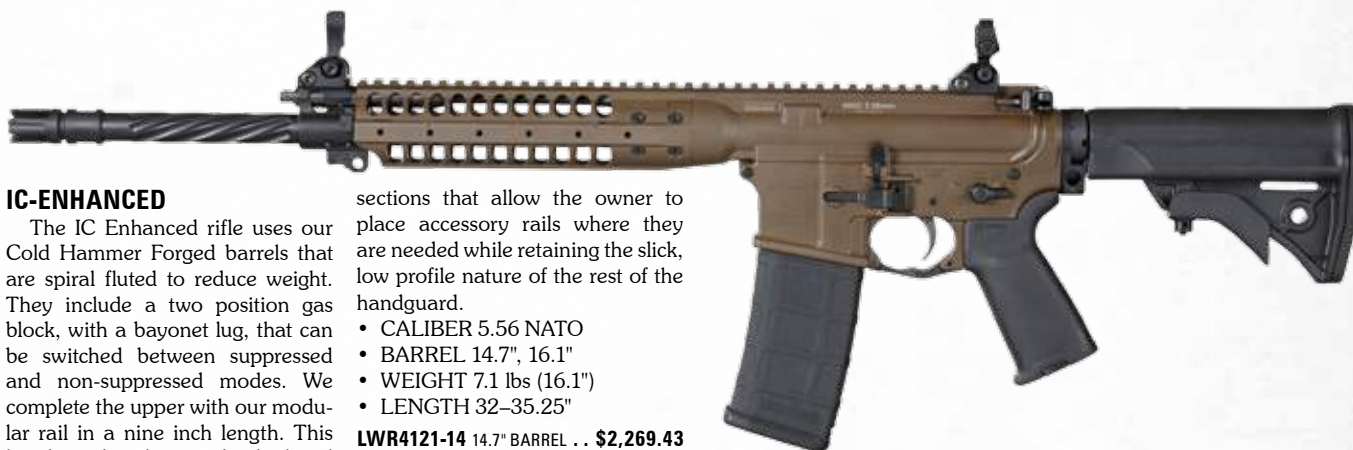

The LWRCI Individual Carbine Personal Security Detail (IC-PSD) weapon gives you rifle cartridge firepower in a size usually reserved for sub machine guns. With the slim modular handguards, the user has the ability to add rails where desired. As with all LWRCI rifles the top rail is easily removable without tools, allowing access to the piston components while preserving a repeatable zero.

The IC-PSD is perfect for those who are seeking everything our IC line-up offers in a compact yet user friendly format. This is an excellent rifle for range courses and shooting around obstacles.

- CALIBER 5.56 NATO
- BARREL 8.5"
- WEIGHT 5.9 lbs

### IC-ENHANCED

The IC Enhanced rifle uses our Cold Hammer Forged barrels that are spiral fluted to reduce weight. They include a two position gas block, with a bayonet lug, that can be switched between suppressed and non-suppressed modes. We complete the upper with our modular rail in a nine inch length. This handguard utilizes individual rail

sections that allow the owner to place accessory rails where they are needed while retaining the slick, low profile nature of the rest of the handguard.

- CALIBER 5.56 NATO
- BARREL 14.7", 16.1"
- WEIGHT 7.1 lbs (16.1")

AGENCY . . . . . **\$2,224.93**

### R.E.P.R.

The unique LWRCI™ Rapid Engagement Precision Rifle (R.E.P.R.) is a full spectrum weapon system designed for a variety of roles. The R.E.P.R. rifle allows a marksman to perform assaulter duty with the 16" barreled upper installed, and quickly switch to a sniper role simply by changing to the 20" barreled upper. The extra upper receiver assembly can be carried in a backpack and takes up less room and weighs less than carrying a separate rifle.

The R.E.P.R. rifle utilizes our patented self-regulating, short-stroke gas-piston operating system, ensuring unparalleled reliability in the harshest theaters of operation. The ARM-R™ rails are easily removable and reinstalled with a hex key and provide a 100% return to zero for optics and lasers

THE R.E.P.R. IS AVAILABLE IN BLACK  
ADD \$150 FOR OLIVE DRAB GREEN (CERAKOTE), AND FLAT DARK EARTH (CERAKOTE).

### COLT LE6920

This specially designed law enforcement weapon system features many of the combat proven advantages of the military M4. With the 4-position buttstock fully retracted, the Law Enforcement Carbine is less than 30 in (76.2 cm) in length and weighs only 5.65 lb (2.56 kg) - ideal for tactical deployment and traditional patrol. Colt's Law Enforcement Carbine is available with a step-cut barrel that allows it to accept a grenade launcher for non-lethal options. Furthermore, the handguard has dual insulated aluminum shielding for more effective heat protection.

- 5.56mm caliber (.223 Remington)
- Gas; Direct system; Locking bolt
- 1- 30 round magazine
- Safe - Semi
- Magpul® Gen2 Back-Up Sight
- Adjustable front target sight adjustable for windage and elevation

### COLT LE6940

The Colt LE6940 Monolithic Advanced Law Enforcement Carbine is an evolution of the 6920. This rifle features Colts monolithic upper receiver. In addition to an uninterrupted full length front rail, this upper receiver allows for a free floated barrel. Features a gas block mounted front flip up sight with bayonet lug and a MaTech backup rear sight. The barrel is Colts standard 16.1" chrome lined M4 barrel with an A2 flashhider.

- Safe - Semi
- 5.56mm caliber (.223 Remington)
- Standard trigger
- Overall Length - 35" - 32"
- Weight 6.8 lbs
- Adjustable Telestock

### COLT M4 COMMANDO

The Colt M4 Commando is a versatile weapon system with proven combat utility and performance providing the operator with the confidence required to accomplish any mission. It features a four position sliding buttstock and a 11.5 in. (29 cm) long barrel and is designed for use wherever lightness, speed of action, mobility and close quarters combat are required. It can be comfortably carried, yet be available to provide the power of a 5.56mm weapon

# BLACKHAWK!

### BLACKHAWK! RAIL MOUNT SLING ADAPTER

- 6061 T6 aluminum with Matte, Type-III hard-coat anodized finish
- Mounting screw threads into a steel insert for additional strength
- Works with snaphooks, MASH hooks, wire loops, push button swivels, or sling webbing (up to 1.25" wide)
- Limited rotation swivel prevents twisted slings, weighs less than 1 oz

BHK754 ..... \$35.95

# LANCER

### LANCER SINGLE POINT SLING MOUNT: CLAMP ON

- The Lancer SPSM is a low profile ambidextrous single point sling attachment for the M4/M16/AR series of rifles.
- The clamping bolt attachment system slides onto the an existing mil-spec 6 position buffer tube and clamps onto the castle nut.
- Does not require armorer level installation.
- The attachment point swivels 180 degrees on a cross axis and utilizes a nylon coated stainless steel braided cable for attachment of slings.
- The nylon coated cable provides silent operation and eliminates binding with all single point slings.

LAN-SPSM-CO ..... \$69.99

### GG&G AGENCY REAR SLING ADAPTER

No tools required to install this adapter. The only requirement is the rear assembly of the collapsible buttstock removed. Made from 7075 aluminum alloy and is anodized to meet mil specs.

GGG100 - LOOPED ..... \$31.95

GGG101 - AMBI ..... \$31.95

### QD AMBI REAR RECEIVER SLING MOUNT

LWRC'S ambidextrous rear sling mount is a great compliment to any AR-style weapons system. An ingenious set screw ensures consistent alignment with the buffer tube, while another grabs the castle nut, eliminating the need for to re-stake it. The

mount is made of 6061 T6 aluminum and is type III hard coat anodized. Includes one Daniel Defense QD swivel.

LWR72A01 ..... \$67.95

MAG-414 ..... \$37.95

# Samson

## SAMSON GRIPBLADE - RAPTOR CLAW

For Standard AR pistol grips and Hogue AR15 grips.

- 420 stainless steel blade made by Lamson and Goodnow.
- Sturdy Field Survivor mounting in all A2 grips and Hogue AR15 grips.
- 2 Spare Firing pin retaining pins
- 1/2 inch hex wrench
- bottle/can opener

**SAM-RAPTOR-CLAW** ..... \$69.95

## SAMSON FIELD SURVIVOR FS-001 AR-15/M16 TOOL KIT

The Samson Field Survivor is a multi-tool system that has a patent-pending mechanism which secures inside the pistol grip. The Samson Field Survivor contains: a broken shell extractor, wire brush for bore cleaning, an ampule of oil for one field lube, a cable to pull the brush through the bore, a carbon scraping tool, a feed lip gauge, a front sight adjustment tool, a flat blade screwdriver, a feed lip adjustment tool, a gas key cleaning tool, a cotter pin hook, and a strike plate. The Survivor also comes with two firing pin retaining clips. The Field Survivor tool is the one tool necessary for every AR to keep you safe in combat, or in play on the range. Just insert the Survivor into your grip and twist the base to lock it in. The Field Survivor fits all A2 pistol grips and Hogue AR15 Rev B grips.

- The Samson Field survivor contains:
- Broken shell extractor
  - Wire brush for bore cleaning
  - Ampule for oil for one field lube,
  - Cable to pull the brush through the bore
  - Carbon scraping tool
  - Flat blade screwdriver
  - Feed lip adjustment tool
  - Gas key cleaning tool
  - Cotter pin hook
  - Strike Plate
  - Front sight adjustment tool.
  - Magazine feed lip gauge

**SAM-FS-001** ..... \$90.24

**SAM-FS-002-PKG** ..... \$90.24

## APEX M&P DUTY/CARRY ACTION ENHANCEMENT KIT

The APEX Duty/Carry Action Enhancement Kit (DCAEK) was designed to provide the M&P (9 mm, .357 Sig & .40 only\*) pistol owner a smooth, consistent 5 - 5.5 lb trigger pull with the advantages of shorter over-travel and reduced reset.

- Does NOT function in the M&P Shield

**APX-DCAEK** ..... \$92.95

## X-GRIP MAGAZINE ADAPTER

Size of a Compact, Capacity of a Full-Size

The patented XGRIPS adapt full-size magazines for use in compact handguns. XGRIPS provide greater versatility incorporating larger magazine into a compact handguns grip, increasing the gun's capacity with additional rounds. Law enforcement and military personnel can carry the compact pistol with a standard magazine when concealment is important, then insert a high capacity magazine with XGRIP when firepower and capacity become critical.

- In use by U.S. Military and Law Enforcement.
- Tested, Approved and Authorized as OEM factory parts.
- Top Quality Materials and Design
- Seamless Fit
- Easy to Use

Available for the following pistols:

- Glock 26/27
- Glock 26/27C
- Glock 19/23
- Sig Sauer P228/229
- S&W M&P 9/40
- S&W M&P 45C

# LANCER

10-ROUND VERSION  
AVAILABLE

## LANCER SYSTEMS L5 ADVANCED WARFIGHTER MAGS

The L5AWM is the only HYBRID AR magazine available today, featuring the best characteristics of Polymer and Steel magazine designs. It's NOT a Polymer Magazine. One Piece Wrap Around, Hardened Steel Feed Lips won't bend or break, steel reinforces the back of the polymer body.

The L5AWM fills the gap between the current metal and polymer magazine designs combining the best features from both designs into a unique hybrid magazine. L5AWM has the reliability of a steel magazine, the durability of a polymer magazine and the weight of an aluminum magazine.

- Speeds ammunition consolidation

- Aggressive body texture improve gripping
- Drops free from lower receivers
- Designed to resist damage from rough handling, dropping and abuse
- Can be stored loaded in unconditioned environments; from +180F to -50F
- Rapidly know what's loaded
- Translucency allows range or shift personnel to see if their magazine is serviceable
- Quickly Identify what's loaded; live rounds, blanks or marker rounds

# LANCER

## LANCER MAGAZINE COUPLER

The Lancer Magazine Coupler was developed for the L5, L5A and L5 AWM Translucent Magazines.

The Coupler was designed to match the unique contours of the polymer body and align with the molded ribs ensuring the magazines are aligned and held securely without obscuring the view of the rounds. The Lancer Magazine Cinch can also be used with USGI Aluminum and Steel Magazines.

**LAN4001 . . . . . \$18.95**

**MAGPUL**

## MAGLINK MAGAZINE COUPLER

The MagLink is a coupler for PMAG 30 and PMAG 30 M3 magazines which allows the user to keep an additional 30 rounds of ammunition accessible on the weapon at all times.

**MGP595 . . . . . \$17.95**

## PMAG RANGER PLATE

The Magpul Ranger Plate is a floorplate replacement for current issue aluminum USGI 30-round magazines that incorporates an integral loop, floorplate lock, and mag identifier. When installed on the base of a magazine, the Ranger Plate provides unsurpassed speed and controllability during high stress, tactical magazine changes.

Loop is made of pliable Santoprene rubber overmolded onto a stainless steel plate. Patented design based upon the tried and true para-cord loops and duct-tape tabs currently in use with special warfare units worldwide.

#### EOTECH XPS2-0 XPS2-0

Shortest model sight yet! This sight is smaller than the former N-cell battery sight (511/551) and runs on a single 123 battery. It also has a longer battery life than the N-cell style sights. With the new single battery configuration, the XPS allows more rail space than ever, leaving more room for rear iron sights or magnification. Smaller, lighter and always fast; the XPS series is a great new addition.

## EOTECH 518.A65 HOLOGRAPHIC WEAPON SITE 558.A65

Perfect for anyone that doesn't like to sacrifice. The 558 is compatible with all Gen-I-III night vision devices and features an adjustable, locking quick detach mount that offers instant removal and attachment that will hold zero to 1MOA. The operational buttons are located on the side of the sight making this optic ideal for use with EOTech switch-to-side magnifiers. The drop-in replacement Laser Battery Caps (LBC and LBC2) are designed to work with this model as well, increasing your aiming capabilities and speed to target all day and night long.

**EOT-558A65 BLACK . . . . . \$589.00**

## EOTECH G33 MAGNIFIER WITH STS SWITCH TO SIDE MOUNT G33.STS

The new G33 magnifier is shorter and lighter than the G23. It offers a new and improved mount providing faster transitioning from 3x to 1x, tool free azimuth adjustment, larger field of view and an adjustable diopter for improved, more precise focusing. This new G33 is an affordable magnified solution that will transition a fielded HWS into a lethal medium range optic. Superior light transmission and a large field of view helps this magnifier put the competition to shame.

## TRIJICON ACOG® ADVANCED COMBAT OPTICAL GUNSIGHTS 4X32

The ACOG®s are internally-adjustable, compact telescopic sights with tritium illuminated reticle patterns for use in low light or at night. Bindon Aiming Concept (BAC)\* models feature bright daytime reticles using fiber optics which collect ambient light. The ACOG®s combine traditional, precise distance marksmanship with close-in aiming speed. Although the ACOG®s have many features which are very advantageous for military use, they were developed by Trijicon without government funding.

Designed for use with the M16 family, every feature of its mechanical and optical design was chosen for a single purpose: to provide increased hit potential in all lighting conditions—without failure-prone batteries.

**TRI106 FOR M4 . . . . . \$1,277.00**

## TRIJICON REFLEX RX30 6.5 MOA AMBER DOT AND 42MM OBJECTIVE

## Aimpoint®

CompM4 Mount Not Included.

CompM4s (low battery compartment)

### AIMPOINT® COMPM4 SERIES

The Aimpoint CompM4 series of sights are the finest that Aimpoint has ever produced. Improvements include improved energy efficiency that provides up to 8 years of continuous use from a single AA battery! The CompM4 sights incorporate an integral mount that eliminates the need for a separate ring, and can be customized with vertical and forward spacers to fit a variety of weapon systems.

The CompM4 offers a high battery compartment, while the CompM4s offers a low battery compartment. In all other aspects, they are identical.

### AIMPOINT PATROL RIFLE OPTIC PRO 12841

Aimpoint Patrol Rifle Optic is designed with input from a distinguished group of current and former professionals, the Patrol Rifle Optic incorporates many never before seen features to maximize this sight's performance within the challenging conditions faced by modern law enforcement.

**AIM4016** . . . . . **\$424.00**

3XMag and optional TwistMount

### 3XMAG MAGNIFYING MODULE

The 3XMag magnifying module is specially designed for compatibility with Aimpoint® sights and for maximum flexibility and increased performance in the field. The 3XMag is a revolutionary tool for military personnel, law enforcement, sport shooters and hunters. When combined with Aimpoint's patented TwistMount, the 3XMag gives the user something never before possible—the ability to switch in a split second from CQB (Close Quarters Battle) to semi-sniping and vice versa. Hunters can rapidly switch from non-magnifying to magnifying while still being able to keep their Aimpoint® sight on their firearm. The versatile 3XMag also can be used as a handheld magnifying glass monocular for discrete observation and identification.

## VORTEX OPTICS VMX3 MAGNIFIER WITH SWING MOUNT COMBO

Vortex Optics' new VMX-3T Magnifier/Mount system offers ultimate magnified versatility to virtually any AR-height red dot sight. Generous 3.25 inch eye relief and a 38.2 foot field of view at 100 yards set this magnifier apart; ensuring shooters have every advantage when engaging targets. Optics are fully multicoated for optimal light transmission.

Internally nitrogen purged for reliable waterproof/fogproof performance. Lightweight, tough, hard-coat-anodized machined-aluminum construction ensures durability. Unit allows for lower 1/3 or Absolute co-witness mounting heights and is ideal for shooters who want to increase the effective range of their red dot sight.

## VORTEX OPTICS SPARC RED DOT SIGHT

The new, compact, daylight-bright SPARC (Speed Point Aiming for Rapid Combat) is packed with performance features and lends itself to a wide variety of firearm platforms.

- 2x Magnifier
- Extra-high riser
- High riser
- Low riser
- Elastic, one-piece lens cover

### BLACKHAWK XIPHOS™ NT NIGHT-OPS®

- 65 Lumens Output
- Duplicate ambidextrous operation of ALL programmed functions.
- 2+ hours of total runtime
- 25-30 yards of effective light output.
- Lightweight - 2.6 oz.
- Waterproof to 10 yards
- Injection molded carbon fiber body and Black anodized aluminum
- Dimensions: 3.1"L x 1.1"W x 1.4H.
- High impact resistant fully encapsulated LIFETIME LED

### INSIGHT WL1-AA LED TACTICAL ILLUMINATOR

- First tactical weapon light to offer AA batteries in the world
- New Quick release Rail-Grabber provides fast and solid attachment.
- Powerful 300 lumens
- Multi-use flashlight capable of emitting white light and visible laser.
- 3.4 oz w/Batteries
- 3.618" L x 1.435" W x 1.335" H
- Waterproof: rated to 1 meter for 5 min.

### SUREFIRE X300U-A LED WEAPONLIGHT

The SureFire X300U-A features a solid-state, electronically regulated LED that generates 500 lumens of tactical-level light.

- Virtually indestructible LED regulated to maximize output and runtime
- Tactical-level output with TIR lens for close-to longer-range applications
- Quick-detach rail clamp
- Accepts optional pistol grip and long gun forend switches
- Weatherproof—O-ring and gasket sealed
- Includes high-energy 123A batteries with 10-year shelf life

### TLR-4 COMPACT RAIL MOUNTED TACTICAL LIGHT W/LASER

Ultra lightweight & compact, the TLR-4™ Weapon-Mounted Tactical Light with integrated aiming laser features the latest in C4® LED technology. The light provides 1.5 hours of continuous runtime when in dual mode with the high power visible laser. Rail clamp designed to rapidly attach/detach from side of weapon.

Models also available for H&K USP Compact frame and H&K USP Full Size frame.

- C4® LED technology.
- Ambidextrous momentary/steady On-Off switch.
- One handed snap-on and tighten interface keeps hands away from muzzle when attaching/detaching.

# SUREFIRE®

**800  
LUMENS**

## SUREFIRE M900L VERTICAL FOREGRIP LED WEAPONLIGHT

The SureFire M900L Vertical Foregrip WeaponLight delivers the tactical advantages of increased weapon control plus 800 lumens of ultra-reliable LED illumination.

- Virtually indestructible LED regulated to maximize light output and runtime
- TIR lens produces tight beam with enough surround light for peripheral vision
- Two secondary white LED navigation lights offer low-light-signature output
- Weatherproof—O-ring and gasket sealed

**SUR-M900L-B-BKW** M900L . . . . . \$805.50

## INTEGRATED SHOTGUN LIGHTS

SureFire Tactical forearm lights actually replace the existing forearm of popular shotgun models.

Dual pressure switches on either side of the assembly allow for easy one hand operation. Designed to withstand the shock and vibration of shotgun blasts.

## LED MODELS

120 Lumens for 3 hrs of tactical runtime.

**SUR-DSF-870** REMINGTON 870 . . . . . \$337.50

**SUR-DSF-500/590** MOSSBERG 500/590 . . . . \$337.50

## SUREFIRE M300B MINI SCOUT WEAPONLIGHT

- Solid-state, recoil-proof light emitting diode (LED) generates 200 Lumens of blinding white light and continues producing tactical-level light for 1.3 hours
- Light weight and small size won't weigh down a weapon or decrease its maneuverability
- TIR lens creates versatile beam with enough reach for longer-range applications and enough surround beam to accommodate peripheral vision
- Hard-anodized, high-strength aerospace aluminum; optically coated Borofloat® window; and O-ring seals make for a rugged WeaponLight
- Ergonomic tactical switching: click-on/off tailcap or pressure activated tape switch
- Thumbscrew mount securely attaches to any Mil-Spec Picatinny rail
- Powered by one 123A lithium battery with 10-year shelf life

**SUR-M300B-BK** . . . . . \$332.10

**SAFARILAND**  
**RLS™**  
**RAPID LIGHT SYSTEM**

## SAFARILAND RAPID LIGHT SYSTEM

With the Safariland® Rapid Light System (RLS™), you get a professional-quality hand-held light and gun-mounted light all in one. You can clip it onto your belt, hold it in your hand, or quickly mount it to your gun for an instant tactical advantage. There's no need to buy an expensive holster to carry a light-mounted gun.

- Ambidextrous

- Super-bright LED technology (190 lumens)
- 3 AAAs: no expensive proprietary batteries needed
- Fits most handgun models that incorporate an integral rail system and Picatinny rails
- Can be operated with thumb or trigger finger.

**SAF150** LIGHT AND MOUNTING SYSTEM . . . . . \$94.95

**SAF151** RLS MOUNTING UNIT ONLY . . . . . \$36.95

**SAF152** SAFARILAND LIGHT ONLY . . . . . \$76.95

## SUREFIRE M600 ULTRA SCOUT LIGHT® RAIL-MOUNTABLE LED WEAPONLIGHT

- High-performance, recoil-proof LED generates 500 lumens of blinding white light and continues producing tactical-level light for 1.5 hours
- Total Internal Reflection (TIR) lens creates intense, versatile beam with enough reach for longer-range applications and significant surround light for peripheral vision
- Construction: Mil-Spec hard-anodized aerospace aluminum, optically coated tempered window, O-ring and gasket seals
- Ergonomic tactical switching: click-on/off tailcap and pressure-activated tape switch (both included)
- Thumbscrew clamp securely attaches to any MIL-STD-1913 ("Picatinny") rail
- Powered by two 123A lithium batteries (included) with 10-year shelf life

**SUR-M600U-A** . . . . . \$300.30

### MINI THERMAL MONOCULAR

- Stationary Man-Sized Target Detection at 400 Meters
- Moving Man-Sized Target Detection at 500 Meters
- Integrated Visible Red Laser
- 2X Digital Zoom
- Adjustable Focus
- Unity Magnification
- External Video Jack
- Ergonomically Designed for Handheld Operation
- 4 Hrs Continuous Operation Using Two 3V Lithium Batteries (123)
- Lightweight/Pocket Size, 11.5 oz
- Waterproof to 3'

INS101B.....\$11,711.95

### EOTECH X320 THERMAL IMAGER

The X320 has improved image processing for best-in-class image quality. The unit's sophisticated image processing provides greater scene detail and improved clarity and sharpness. The technology also offers improved vision in challenging field conditions like dust, smoke and complete darkness, all while preventing a blooming effect from nearby lights common in image intensification cameras. The 30-hertz detector ensures not only a fast turn-on time, but also real-time video imaging.

- Greater Detail 320x240 Detector
- 50% Greater Range Detect Humans to 735 Meters
- 2X Zoom as Default
- Temp on/off Feature Programmable
- 1 Meter Submersion Rating
- Polarity/Color Palettes Programmable via GUI

EOT-X320.....\$3,499.00

# ITT EXELIS

### ITT NIGHT ENFORCER® PVS-7

The PVS-7 is the standard issue goggle type supplied to the U.S. Military and its allies. Battle-proven technology includes Automatic Brightness Control (ABC) which automatically adjusts the brightness of the image tube to achieve the highest quality image resolution under varying light conditions as well as a built-in infra-red illuminator.

Includes: Head mount assembly, medium & thick brow pads, eye cups, soft carrying case, day light filter, shoulder strap, lens paper, sacrificial window, demist shields, operators manual, two AA batteries, and system test data sheet.

ITT104.....\$4,080.00

### ITT MV-14P MINI-MONOCULAR GEN 3 PINNACLE®

The U.S. Military battle-proven MV-14P PINNACLE® mini-monocular provides exceptional quality image resolution under varying light conditions. The MV-14P operates using either one AA or one 3V lithium battery and includes a built in IR Illuminator for increased image clarity in low light situations. Standard accessories include a head mount assembly and a weapons mount.

ITT105.....\$3,795.00

### HELMET MOUNT ASSEMBLY

The ruggedized helmet mount assembly provides soldiers and officers with an easy, comfortable mounting option when wearing the PVS-7 goggle or MV-14, PVS-14, and 6015 monoculars. This mount allows direct attachment of the goggle or monocular to the PASGT helmet as opposed to the standard head mount assembly. Includes mount and straps.

ITT106 PASGT HELMET MOUNT.....\$228.00

ITT107 MICH HELMET MOUNT.....\$228.00

### ITT NIGHT ENFORCER® PVS-14 NIGHT VISION

ITT Night Vision, the world's leading producer of Generation (Gen) 3 night vision devices, introduces the new Night Enforcer® NEPVS-14 PINNACLE® Monocular Night Vision Device (MNVD). The multi-functional NEPVS-14 lightweight, single-battery, battle-proven design features the latest auto-gated, thin-filmed PINNACLE® image intensifier tube technology as well as variable gain control. This allows the user to increase or decrease image tube brightness for greater image contrast in varying light conditions. Designed for the most demanding military and law enforcement applications, the NEPVS-14 can be handheld, head-mounted, helmet-mounted, weapons-mounted, and adapted to a camera or camcorder. Operates on standard AA batteries.

ITT103.....\$3,395.00

# TAKE BACK THE NIGHT

ITT **EXELIS**

## ITT BINOCULAR NIGHT VISION DEVICE WITH GAIN CONTROL

The Binocular Night Vision Device with Gain Control has been redesigned to be lighter while increasing performance. This dual tube night vision goggle now operates with a single gain control knob, which the user can adjust the tube brightness (gain) lower to compensate for overly bright conditions or to increase the gain under extreme dark conditions. It utilizes MIL SPEC optics and can be used with head and helmet mounting options from the AN/PVS-7B/D, AN/PVS-14, AN/PVS-7A/C, AN/PVS-15 and AN/PVS-18. Switching from one mounting system to another can be accomplished by the end user within minutes. The new BNVD-G features a flip up turn off with flip down turn back on function, when used in conjunction with a helmet mount.

NVD-BNVD-G-P-PLU .....	\$8,795.00
NVD-BNVD-G-P .....	\$8,495.00
NVD-BNVD-G-P-MIN .....	\$8,195.00

## FLIR RS THERMAL NIGHT VISION RIFLE SCOPE

The ThermoSight® R-Series is the ideal scope for use at night because it detects heat energy, instead of light. The body heat of targets glows bright through the R-Series scope—while you remain hidden in the dark. Conventional image intensified (I2) night vision scopes are more limited because they require illumination from moonlight or other sources. Plus they can't reveal what's hiding in shadows or in low-contrast environments the way thermal can.

With large, glove-friendly buttons and an intuitive menu, you can quickly set reticle settings, zoom, and polarity palettes in three clicks or less. An internal shock reduction system (SRS-M™) is qualified for a MSR semi-automatic platform, up to .30 Cal. Plus, the durable, water-resistant casing can be submerged in up to three feet of water.

- Device Technology: Thermal Imaging, FLIR VOx Core
- Resolution: 320x240, 60hz
- Lens System: 2.25X, 35mm
- FOV H°xV°: 9
- Detection Range/Meters: 700

## FLIR LS THERMAL NIGHT VISION CAMERA

The LS32 and LS64 thermal imagers take the lightweight chassis of the popular Scout line, and add the high resolution and enhanced refresh-rate from their HS law enforcement cameras to produce one of the most versatile systems on the market.

While visually they appear very similar to the PS24 and PS32 Scout imagers, the internals of the new LS units are top of the line thermal imaging cores. Using an unconventional detector size, the LS32 has a 336 × 256 VOx Microbolometer, while the LS64 uses an astonishing 640 x 512 VOx Microbolometer.

- Palm-Sized Portability
- Light Weight – Only 12 Ounces
- Rugged, Weathertight, Ergonomic Design
- Multiple Resolution Choices for Increased Detection Range
- Up to 4x Digital e-Zoom
- White Hot, Black Hot and InstAlert™ Palettes
- 4-Button Operation: Power, Polarity, Zoom and LCD Brightness/Laser Activation
- Rechargeable LI-Ion Internal Battery
- Tactical Marking Laser

## RANGER® T-SERIES

- Handgun Ammunition
- Excellent Stopping Power
- Outstanding Penetration, Expansion, & Weight Retention
- Superior Accuracy
- Wider & Stronger Six Petal Configuration
- Consistent & Reliable Performance

When a situation unfolds, so does the Ranger® "T" Series handgun ammunition. With an unbeatable combination of expansion and penetration enhanced by re-engineered petals in the patented SXT® hollow point jacket design, the "T" Series can be relied on to deliver consistent stopping power in real world situations. Backed by Winchester's comprehensive testing and training program, Ranger "T" Series is ammunition that always performs at its best - even when things are at their worst.

### Hollow Point

- Provides consistent expansion through a variety of barriers
- Aids in maximizing upset at both long and short range

### Copper Alloy Jacket

- Patented reverse taper design helps lock in lead core on impact
- Thick at nose for improved integrity against hard barriers and increased weight retention
- Thin at heel for improved accuracy

### Lead Alloy Core

- Lead alloy core for superior accuracy and improved upset performance

### Massive Upset

- Six petal upset with enhanced strength
- Massive frontal area for stopping power.

## RANGER® BONDED HANDGUN AMMUNITION

Ranger® Bonded handgun ammunition was specifically created to deliver maximum penetration through the toughest of barriers. This effectiveness is made possible thanks to Winchester's proprietary core/jacket bonding process—and is enhanced with a special hollow point cavity that acts in unison to control expansion, leading to maximum weight retention and deep penetration through hard and abrasive barriers including auto glass. Recent selected by federal law enforcement agencies for its .40 Caliber service round, the Ranger Bonded gives you the penetration to handle most serious of threats.

## RANGER® SHOTSHELL

- The Leader in Shotshell Technology for more than 142 Years
- Low Recoil Buckshot Loads Deliver 30% Less Recoil Than Standard Loads
- Low Recoil Hollow Point Rifled Slugs Provide Superior Accuracy, Penetration, and Upset Performance
- WinLite® Offers up to a 50% Reduction in Recoil Compared to Standard Shotshell Rounds.

### PROPRIETY BONDING PROCESS

- Allows the lead core and jacket to act together as a unit to control expansion
- Greater retained weight means deeper penetration.

### LEAD CORE

- Pure lead core is used for consistent bullet forming and superior accuracy.

### HOLLOW POINT CAVITY

- Designed to work with Winchester's exclusive bonding technology to deliver outstanding performance through the toughest barriers

### SHELLCASE

- Polyformed plastic tubes are used to create smooth hulls in improve cycling through all shotgun actions

### PAYLOAD

- Either Shot, buckshot, or 1 oz. rifled slugs.

### WADDING

- Cups and fiber wads provide effective gas pressure seal in slug loads. Plastic shot cups protect buckshot pellets and provide improved pattern performance for Low recoil buckshot loads

### PRIMER

- Non-corrosive, all weather primer delivers fast, dependable ignition under any shooting condition.

## \*\*UTM PRODUCTS ARE AVAILABLE FOR AGENCY PURCHASES ONLY\*\*

### UTM MAN-MARKER ROUND (MMR)

The UTM Man-Marker Round (MMR) is the first technology specifically designed, engineered, and expertly manufactured for safe force-on-force reality-based training anywhere. The wax based marking compound can be easily removed from fabric by washing with laundry detergent in a washing machine; hard surfaces can be simply wiped clean.

UTM MMR Training requires minimal Personal Protective Equipment (PPE), eliminating the need for expensive, restrictive and bulky protective safety gear. Training with UTM Man-Marker Rounds requires only approved safety goggles, protective face mask, protective gloves, and two layers of clothing.

UTM's Two Primer Cartridge System is the first to isolate the large amount of operational energy needed to cycle the weapon from the small amount of energy required for propelling the UTM Man-Marker projectile. The isolated primers allow for total control of the cartridge energies providing consistent velocities necessary for improved accuracy and controlled impact.

**UTM120** 5.56MM MMR, RED (CASE OF 1000) . . . **\$633.95**  
**UTM121** 5.56MM MMR, BLUE (CASE OF 1000) . . **\$633.95**  
**UTM122** 5.56MM MMR, GREEN (CASE OF 1000) . **\$633.95**  
**UTM123** 5.56MM MMR, YELLOW (CASE OF 1000) **\$633.95**

**UTM125** 5.56MM REDUCED VELOCITY MMR, RED. **\$633.95**  
**UTM126** 5.56MM REDUCED VELOCITY MMR, BLUE **\$633.95**  
**UTM127** 5.56MM REDUCED VELOCITY MMR, GREEN **\$633.95**

UTM MMR ammunition marks better because the MMR marking projectile contains a mechanical "inertia applicator". Rather than relying on the marking compound to transfer under its own energy, UTM's use of a mechanical applicator aids in pushing out the wax upon contact with the target. Marking can be accomplished with various angles of impact and on a variety of materials. The UTM open plastic cruciform dome eliminates the requirement for the MMR projectiles having to break open in order to mark.

### UTM Man-Marker Rounds Offer:

- Live Round
- Lockout, preventing "live" rounds from being fired while the weapon is converted to UTM.
- Realistic cyclic rates in semi-automatic and automatic weapons which match that of "live" fire.
- Typical 9mm Accuracy: 50mm (2ins) extreme spread at 10m (11yds), dependent on caliber and weapon variant. Typical 5.56mm Accuracy: 75mm (3ins) extreme spread at 25m (32yds), dependent on caliber and weapon variant
- Muzzle energy with an average of less than 3ft/lbs.
- A choice of marking colors: red, white, blue, yellow, and green.
- Minimal noise and emissions.
- Simple clean up, UTM MMR's are not considered hazardous waste.

**UTM130** 9MM MMR, RED (CASE OF 1000) . . . . **\$567.00**  
**UTM131** 9MM MMR, BLUE (CASE OF 1000) . . . . **\$567.00**

## HELPFUL TOOLS FOR THE SHOOTING RANGE

### MTM K-ZONE SHOOTING REST

There is nothing better than a cool sunny day, a box of ammo and your new or favorite rifle to sight in. We all know that every box of ammo should be checked for point of impact and re-sighted in. The K-Zone Shooting Rest is the tool you need for better accuracy. Designed for precision sighting in of rifles and for testing ammo and reloads. Rock solid performance from a lightweight fully adjustable rest.

- Non-marring molded rubber pads front, middle and rear
- Easy to adjust bench rest style handwheel elevation system
- Lightweight - just 4 pounds and has compartments to add weight if you choose
- Ideal for hunting rifles, AR-15's, lever action rifles, slug guns, etc.
- Can used as a front rifle rest or handgun rest by removing the rear pad section
- Overall length of rest can be adjusted up to 7.5"
- Handgun rest pad storage box has 4 positions and can be easily removed
- Four smooth rubber feet provide a wide slip-free stance
- Made in USA

## HELPFUL TOOLS FOR THE SHOOTING RANGE

### MTM TACTICAL RANGE BOX

All the features of our shooting range box plus this one comes with AR 223 size magazine well fork. The Tactical range box makes cleaning and maintaining your AR's a pleasure. All you do is slip your AR on this fork and you have a elevated platform to do your work. Works both right and left handed. The 223 fork is red (shown black in picture).

Sporting a cleaning kit top and cleaning-station base, the RBMC utilizes a two-piece design for compact transport and convenient use once you get there. The topl section offers loads of divided space for jags, brushes, solvents...etc, keeping items sorted and organized.

The base or 'cleaning station' offers plenty of deep storage for supplies and ammo. A pair of adjustable gun standard forks featuring soft, over-molded rubber padding offers easy positioning of firearms with a firm, non-marring hold. This range box also includes the 5.56mm NATO or 223 magazine well fork. The overall length of the Shooting Range Box provides excellent stability for nearly any size firearm, as well as room for hard to fit items like collapsible cleaning rods or tripod extensions.

Outside dimensions: 24.6" long x 11.3" wide x 8.3" high

Available in non-biometric version as well

### GUNVAULT SPEEDVAULT BIOMETRIC

The demand for convenient home, office or business security makes SpeedVault a smart solution for storing handguns. The SpeedVault is a drop-down safe that can be mounted under a desk or in various locations for a variety of concealment with a holster-like protective foam lined interior. It offers a combination of theft protection and fast, reliable access.

The SpeedVault is constructed of tamper-proof, 18-gauge steel and available in digital lock or biometric finger print scanner. An activation button triggers a spring-loaded door that not only has a high-strength lock mechanism, but also performs reliably, time after time. Foolproof security is ensured with an audio and

LED low battery indicator to help guard against direct tampering and unexpected power loss. Mounting hardware is included.

The SpeedVault Bio uses biometrics, specifically fingerprint recognition, to access the safe contents faster and more securely than ever before. A high-performance algorithm is used to achieve speedy identification of enrolled fingerprints and at the same time has a very low False Reject Rate (FRR). The system can handle up to 120 fingerprint templates.

- Fast activation drop-down drawer
- Multiple mounting options
- Protective foam-lined interior
- 18-gauge steel construction
- Mounting hardware included
- Audio and LED low battery warning
- Backup override key included

**GUN106 SV 500 (NON-BIOMETRIC) . . . . . \$209.99**

### GUNVAULT SAFE

The GunVault safe offers optimum security for your handgun and valuables at an affordable price. Keep prying hands from your pistol while keeping it readily accessible to you when you need it.

- Outside is constructed of 16-gauge steel.
- Soft foam on the inside protects valuables.
- High-Strength lock mechanism performs reliably, time after time.

**GUN100 SINGLE 8.1"X4.9"X12" . . . . . \$159.99**  
**GUN101 DOUBLE 10"X7.9"X14" . . . . . \$159.99**

### GUNVAULT BIO

Biometric gun safes from GunVault use state of the art biometric technology. With no code to remember, a 30 user capacity and a sensor that updates your fingerprint after every touch, the GunVault Bio Series is the fastest and smartest way to store your handgun or valuables AC or battery powered.

The advanced fingerprint recognition used in GunVault's biometric handgun and pistol safes give you the confidence of quick and secure access to your firearms when you need them most.

This proven technology adds another layer of security to your valuables.

## AMSEC DEFENSE VAULT UNDER BED GUN SAFE

There's no better place to store your home-defense weapon within arm's reach than under your bed in the secure and easily accessible AMSEC Defense Vault.

The Defense Vault utilizes wasted space and is a great storage solution when space is limited! Larger traditional safes are typically placed in larger rooms, basements or the garage. With the Defense Vault, you will have peace of mind in knowing that you are protected within seconds of a home intrusion.

Features AMSEC's new ESL5 electronic lock with an illuminated keypad. Bright, backlit keys let you enter your PIN code, even in the dark.

The AMSEC Defense Vault is constructed of 14 ga. steel with a unique 5-point slide locking bar and features a foam-padded slide-out gun tray and 4 pre-cut anchor holes with mounting hardware.

#### WHY ULTRASONICS?

Firearms frequently need to be thoroughly cleaned and lubricated to ensure continued operational reliability. This is due to carbon, oils, products of combustion black powder, copper and lead fouling that can accumulate over time and cause malfunctions. Ultrasonic cleaning provides an unsurpassed clean for all firearm surfaces, both interior and exterior.

Our lubrication displaces residual water in minutes, leaving each weapon lubricated and with a "factory new" look, feel and appearance.

Replacement Solutions  
**LNR212** REPLACEMENT LUBRICATION . . . . . \$64.95

## BAGS AND PACKS FROM MAXPEDITION HARD USE GEAR!

**MAXPEDITION JUMBO VERSIPACK**

The long awaited JUMBO Versipack fulfills the multitude of requests. The JUMBO's main compartment is over 39% larger than the Fatboy. In addition, it has three zippered accessory pockets, two sleeve pockets, and one drawstring pocket fitted for a 32oz/1L Nalgene water bottle or a radio. The Jumbo has three places for modular expansion with other Maxpedition accessories using Malice clips.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, DAR BLUE, FIRE-EMS RED, SAFETY YELLOW, BLACK/KHAKI, BLACK/FOLIAGE, KHAKI/FOLIAGE, ORANGE/FOLIAGE, ROYAL BLUE/FOLIAGE, GREEN/KHAKI, MAROON/KHAKI, ACU-COMPATIBLE DIGI FOLIAGE CAMO

**MAX452** ..... \$92.69

**MAXPEDITION CONDOR II™ BACKPACK**

This hydration backpack is the dramatically improved second generation of MAXPEDITION's® military assault daypack. The Condor-II can hold over 1950 cu. in. of gear! The removable Y-shaped top strap and 4 quick release compression straps secure contents and takes the strain off of the YKK#10 zippers. This unit's hydration department is compatible with Camelbak and other systems up to 100oz.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, ACU-COMPATIBLE DIGI FOLIAGE CAMO - ADD \$7.  
**MAX453** ..... \$142.19

**MAXPEDITION CLIP-ON PHONE HOLSTER**

Great for small flip phones and anything around 3.5" in height. Comes with our heavy duty spring steel clip pre-installed for quick and secure attachment to pants belt, waistband, etc. Clip can be removed and 3" TacTie™ installed for MOLLE compatibility.

COLORS: BLACK, KHAKI, OD GREEN, FOLIAGE GREEN

3.5" ..... \$16.19  
4" ..... \$18.89  
4.5" ..... \$20.69

**MAXPEDITION OPERATOR™ TACTICAL ATTACHE**

This bag is a large tactical computer attache, fully padded on all sides and sized to fit a 15.4" diagonal screen laptop (including Powerbooks) and a legal sized pad. This is the perfect on the go bag for the Tactical Officer. 4 pockets on the front organize your smaller gear, the opposite side opens up as a fully padded organizer with extensive internal divisions. End pockets, rubber bottom and carrying strap.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, KHAKI/FOLIAGE, ACU COMPATIBLE DIGI FOLIAGE CAMO

**MAX454** ..... \$141.29

**MAXPEDITION MPB MULTI-PURPOSE BAG**

The MPB is a straightforward, professional multi-purpose briefcase with 1800 cu. in. of space and 22 independent carrying compartments. Inside you will find removable stiff panels for separating your gear and for attaching any accessories equipped with hook and loop fasteners, can even be used with your laptop! Ultra durable nylon construction and clean cut lines of the MPB will fit all of your carrying needs.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, ORANGE/FOLIAGE  
**MAX458** ..... \$152.09

**MAXPEDITION MONSOON™ GEARSLINGER™**

The Monsoon™ Gearslinger™ is a large single shoulder pack with over 1600 total cu. in. of capacity. The quick release padded non-slip shoulder strap has two separate sets of PALS webbing for attachment of accessories. 32oz Nalgene water bottle pocket.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, KHAKI-FOLIAGE, ACU DIGI CAMO ADD \$9

**MAX451** ..... \$148.49

**MAXPEDITION FATBOY™ AND FATBOY™ S-TYPE VERSIPACK™**

The Fatboy Versipack is the state-of-the-art portable gear organizer that provides secured containment for and rapid accessibility of equipment. The main compartment has a huge 156 cu. in. of space with a water resistant storm collar that can be deployed by pulling a cord-locked drawstring. A number of fixed-position external pouches and two sets of nylon webbing anchors accommodate MAXPEDITION's® modular expansion accessories. Each Fatboy comes with a tactile non-slip shoulder pad providing comfort during use. The S-Type is more than just a left handed version, but, was also designed with rescue work in mind.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, DARK BLUE, FIRE-EMS RED, SAFETY YELLOW, BLACK/KHAKI, BLACK/FOLIAGE, KHAKI/FOLIAGE, ORANGE/FOLIAGE, ROYAL BLUE/FOLIAGE, GREEN/KHAKI, MAROON/KHAKI, ACU-COMPATIBLE DIGI FOLIAGE CAMO - ADD \$2.

**MAX457 S-TYPE** ..... \$83.69

### MAXPEDITION PYGMY FALCON II HYDRATION BACKPACK

The Pygmy Falcon II hydration backpack is the dramatically improved second generation of the military assault daypack that has been upgraded with the amenities of daily use in mind while not compromising the integrity of rugged battlefield construction.

The Pygmy Falcon-II has all of the best features of a small/medium hunting pack or day pack, plenty of room for an overnigher, and is rock solid throughout. It has modular attachment webbing all over to attach your favorite MAXPEDITION pockets using TacTie™. It features an external sleeve for a 100 oz. water reservoir; a secondary bladder may be inserted into one of two large compartments. The Falcon pack contains five large, independent zippered spaces and two hidden compartments with various other carry features.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN  
MAX4020.....\$105.29

### MAXPEDITION REMORA™ GEARSLINGER™

The REMORA™ is the newest and smallest member of the Gearslinger™ line, designed to be light weight and comfortable yet, like all MAXPEDITION® products, loaded with features and attachment points. Both the main and rear compartments have loop fields for attaching internal CCW accessories. Shoulder strap is ambidextrous and concealable. The REMORA™ can be piggy-backed onto larger packs using SlikClips.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, ACU COMPATIBLE DIGI FOLIAGE CAMO ADD \$4  
MAX803.....\$89.99

### MAXPEDITION MALAGA™ GEARSLINGER™

The MALAGA™ GEARSLINGER™ further extends the ambidextrous single shoulder sling pack family. This one is another size increment up and will fit a full letter size pad or similarly size item in the main compartment. Additional features include more organizational compartments, more PALS modular attachment points, and a hydration reservoir loop. Great for those who wants the ambidextrous capability of the LUNADA™ with compartment sizes similar to those of the TYPHOON™.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, ACU-COMPATIBLE DIGI FOLIAGE CAMO, ADD \$6.  
MAX4018.....\$130.49

### MAXPEDITION COLOSSUS™ VERSIPACK™

For those who need something larger than their Jumbo™, Maxpedition now offers the COLOSSUS™ Versipack™, a bold new, no-holds-barred approach to their battlefield-proven shoulder sling concept.

Large yet manageable, the COLOSSUS™ has main and secondary compartments each filled to the gills with internal pockets and dividers. The frontal compartment features an additional lower zipper opening to access items at the bottom. Beaucoup attachment points line both exterior sides while rear and back sleeve compartments both contain 7"x8" loop fields for CCW accessories allowing users to carry a handgun or three. The back compartment can also accommodate a 50 oz. hydration reservoir.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, KHAKI-FOLIAGE, ACU-COMPATIBLE DIGI FOLIAGE CAMO, ADD \$6.  
MAX802.....\$130.49

### MAXPEDITION DOPPELDUFFEL™ ADVENTURE BAG

The DOPPELDUFFEL™ Adventure Bag is a unique large travel bag that may be carried by hand, shoulder strap in 2 orientations, or with hide-away integral backpack straps. Two (2) internal padded dividers can split main compartment into smaller sections.

- Main compartment: 26" x 13" x 9" with two padded dividers
- Frontal/top compartment: 10" x 7" x 2"
- Internal pockets: 8" x 6" x 2" (two)
- Side slip pockets: 22" x 6" (two)
- PALS attachment webbing: Top, bottom and both sides
- Shoulder strap: Includes 2" shoulder strap, adjustable, with shoulder pad
- Backpack straps: Contoured built-in with sternum strap
- Hydration: Can hold up to 100 oz / 3L reservoir (sold separately)

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, ACU DIGITAL FOLIAGE CAMO ADD \$9  
MAX804.....\$202.49

### MAXPEDITION THERMITE

This revolutionary new multi-functional bag, designed either to be worn on the waist with a supporting leg strap or shoulder slung,

The Thermite has one main 8" x 5" x 3" compartment equipped with a water-resistant storm collar which can be cinched closed and a zippered frontal compartment for PDA and other accessories.

COLORS: BLACK, OD GREEN, KHAKI, FOLIAGE GREEN, KHAKI-FOLIAGE, ACU-COMPATIBLE DIGI FOLIAGE CAMO - ADD \$2.  
MAX4002.....\$55.79

The Enhanced IFAK Level 2 is specifically created for major wound management. Contains the following items:

- 1: Israeli Bandage 4" OR ETD DRESSING 4"
- 1: Tape 1"x10yds.
- 2: Sets of Black Nitrile Gloves
- 2: ABD Pads 5"x9"
- 1: H&H Compress Gauze 4.5"x4.1yds.
- 1: Nasopharyngeal Airway with Lubricant
- 1: Asherman Chest Seal
- 1: Decompression Needle
- 1: CAT Tourniquet
- 1: Set of EMT Shears 7.5"

ATL-FA201..... \$119.99

ELITE FIRST AID

## ELITE FIRST AID ENHANCED IFAK LEVEL 1

The Enhanced IFAK Level 1 is designed for use by professionals with all the items necessary for serious wound management. This IFAK comes standard in a nylon pouch with MOLLE system straps. Contains the following items:

- 1: Israeli Bandage 4" OR ETD DRESSING 4"
- 1: Tape 1"x10yds.
- 2: Sets of Black Nitrile Gloves
- 2: ABD Pads 5"x9"
- 1: H&H Compress Gauze 4.5"x4.1yds.
- 1: Nasopharyngeal Airway with Lubricant
- 1: TK4 Tourniquet
- 1: Set of EMT Shears 7.5"

ATL-FA200..... \$60.95

## ELITE FIRST AID MILITARY IFAK

The IFAK or individual first aid kit, is the very same as what is issued to the USAF in Iraq but in a black zippered pouch. Contains the following items:

- 1: Israeli Bandage 4"
- 1: Lip Balm
- 1: Set of Blue Nitrile Gloves
- 1: Quik-Clot
- 2: H&H Compress Gauze 4.5"x4.1yds.
- 1: Tan Self Adhesive Bandage 3"
- 1: Tourniquet non pneumatic
- 1: Tape 1"x10yds.
- 1: Set of EMT Shears 7.5"
- 1: Triangular Bandage 46"x46"x52"

ATL-FA187 ..... \$55.95

## ELITE FIRST AID TACTICAL TRAUMA KIT #3

Contains over 230 items, including:

- 1: Blood Pressure Cuff Kit
- 2: Suture Sets
- 8: Pairs Latex Gloves
- 1: EMT Shears
- 10: Abdominal Pads, 5"x9"
- 2: Stainless Steel Hemostats
- 1: Scalpel handle, #3
- 2: Scalpel Blades
- 1: CPR Mask
- 45: Antiseptic BZK Wipes
- 1: SAM / Universal Splint
- 5: Ammonia Inhalants
- 2: Airways
- 3: Multi Trauma Dessings
- 2: BleedStop Bandages
- 5: Burn Aid Packages
- 1: Tourniquet

ATL-FA138 ..... \$169.99

**TAC-PACK®**

**TMP111 ..... \$34.99****TACTICAL MEDICAL SOLUTIONS,™ INC.****DOWNED OPERATOR KIT****Contents**

- SOF®Tactical Tourniquet-W
- Olaes® modular bandage
- Each Olaes® bandage contains:
- 3 meters of sterile 4 ply gauze.
- Plastic occlusive sheet included in dressing pocket.
- Transparent pressure cup that focuses pressure on the wound and acts as an eye cup for treatment of eye injuries.
- Face shield
- One pair of Nitrile gloves
- 2" Tape
- 5.5" Trauma shears
- Dimensions: 7" W x 7" L x 3" thick

**TMS-DOK ..... \$39.90****INNER VEST CARRIER**

The Uniformed Medical Kit (UMK) provides the uniformed officer with a practical means of carrying essential medical gear on his body. The UMK takes the medical gear out of the car and provides instant access, without forcing the officer to alter or reconfigure his duty uniform or gear.

- Ambidextrous access to medical kit.
- Creates instant recognition among officers of the placement of medical gear.
- Instant access to trauma gear saves precious time, allowing the officer to provide self-aid and responding officers to provide buddy-aid in the case of a serious injury.

**TMS-UMK ..... \$13.30****SOF TACTICAL TOURNIQUET**

The key to successful implementation of a device to be used in a high stress environment is training and ease of use. For law enforcement officers, application of the tourniquet is similar to the use of a hobble. This existing level of familiarity reduces training time and aids in the effectiveness of the device.

The SOF TT has been designed to reduce the chance of accidental release or mechanical failure. Unlike other materials including Velcro®, the fastening system will perform when soiled, muddy, frozen, or wet.

**TMS-SOFTT-NH. .... \$26.78****TMS-SOFTT-NH-B. .... \$35.18**

W/BLACK CASE INCLUDED

**TK4  
(TOURNI-KWIK  
4) TOURNIQUET**

TK-4 (Tourni-Kwik 4) is the one-handed tourniquet made to stop arterial bleeding quickly and efficiently from combat or accidental amputations. TK-4 (Tourni-Kwik 4) features a strong elastic latex band with two steel s-hooks fastened to it, making it easy to use yet durable enough for even the most traumatic injuries.

**ATL628. .... \$11.95****C.A.T. TOURNIQUET**

The Combat Application Tourniquet® (C-A-T®) is a one-handed tourniquet that completely occludes arterial blood flow in an extremity. The C-A-T® uses a Self-Adhering Band and a Friction Adaptor Buckle to fit a wide range of extremities combined with a one-handed windlass system. The windlass is then locked in place. The C-A-T® also has a Hook-and-Loop Windlass Strap™ for further securing of the windlass during patient transport.

**ATL625. .... \$46.95****TOURNIQUET ANKLE  
HOLSTER**

The Tourniquet Ankle Holster allows the operator/officer to comfortably and discreetly wear a SOF Tactical Tourniquet on either leg in virtually any mode of dress. Positioning the tourniquet on the ankle allows rapid access with either hand in the event of a shooting. The design of the holster allows the tourniquet to be removed from the pouch in seconds with one hand, yet is secure enough to run with and not risk the tourniquet falling out of the holster. Size: 4 by 14 1/2 (One size fits most)

**TMS-TQAH. .... \$13.13**

## LIGHTNING<sup>®</sup> POWDER

### LIGHTNING POWDER<sup>®</sup> LATENT PRINT KIT 2/3

This kit features two colors of fingerprint powder, black and silver/gray. The kit has plenty of room for additional supplies, such as backing cards, pens, pencils, or scissors. The Zephyr<sup>®</sup> brushes are stored in protective tubes and held in clips inside the lid. The rolls of tape and fingerprint powders are held in a fitted insert.

- Molded copolymer box 12.125 x 7.25 x 4.5 inches
- Fitted compartmentalized insert
- 1.5" x 10 yards clear lifting tape
- 2" x 10 yards clear lifting tape
- Black powder 2 oz.
- Silver/gray powder 2 oz.
- 2 Zephyr fiberglass brushes

LIG230 ..... \$55.75

### LIGHTNING POWDER<sup>®</sup> BLACK, WHITE AND SILVER/GRAY LATENT PRINT POWDER

Developed in 1936, Lightning<sup>®</sup> black powder is noted for its coal black hue. All colors are known for their property of adhering to the latent print, but not to the background surface. Also available in white and silver/gray.

LIG219 BLACK 2.0 OZ. .... \$6.25  
LIG220 SILVER GRAY 2.0 OZ. .... \$6.50  
LIG221 WHITE 2.0 OZ. .... \$9.00  
LIG231 BLACK 16 OZ. .... \$27.25  
LIG232 SILVER GRAY 16 OZ. .... \$36.50  
LIG233 WHITE 16 OZ. .... \$36.00

### LIGHTNING POWDER<sup>®</sup> CLEAR LIFTING TAPE

Tape is packaged in reusable transparent jars. The jars protect the tape from being contaminated with fingerprint powders and dirt. Tape is designed to tear easily for those technicians who fold and "snap-tear" tape. Tape is in Jar.

LIG229 2.0" WIDE ..... \$6.75

## FORENSICS SOURCE

### FORENSICS SOURCE TOUCH SIGNATURE

The inking surface of Touch Signature<sup>®</sup> Pads is a hard, porous surface that won't dry out during the life of the pad and facilitates even ink transfer. Fingerprints are consistently clear on any paper stock and dry instantly, preventing smearing. In addition, the ink utilizes non-toxic pharmaceutical grade chemicals.

Available in two different models, the larger rectangular pad features a larger usable surface area than any pad in its class. Its rectangular surface provides ample space for flat and rolled prints. Each pad produces 1000 prints per pad and measures 1.75" x 2.25". A small, round compact pad is also available. Measuring 1.5" in diameter, it will produce up to 500 prints per pad. Both pads feature foam adhesive on the base, for adhering to a counter top.

AMR130 ..... \$29.50

### LIGHTNING POWDER ZEPHYR<sup>®</sup> FINGERPRINT BRUSH

The Original. The ZEPHYR<sup>®</sup> brush is, without question, the finest brush ever developed for use in fingerprint work. No coarse fibers. 6.5" long.

LIG226 ..... \$11.00

## NIK® DRUG TEST KITS

These individually sealed NIK® Field Tests and factory-sealed boxes assure proper ampoule placement as well as advanced quality assurance and control. And the Finger-Guard harness assures increased safety for officers using the kit. NIK is the only field test that has been awarded the ISO 9002 seal of excellence for quality control.

### Refills - 10 per box!

<b>NIK341</b> HEROIN, OPIUM ALKALOIDS, DEMEROL, OTHER	<b>\$18.00</b>
<b>NIK342</b> HEROIN, MORPHINE, CODEINE, OTHERS	<b>\$18.00</b>
<b>NIK343</b> BARBITUATES	<b>\$25.50</b>
<b>NIK344</b> LSD	<b>\$25.50</b>
<b>NIK345</b> MARIJUANA, HASHISH, HASH OIL	<b>\$25.50</b>
<b>NIK346</b> ACID NEUTRALIZER	<b>\$16.50</b>
<b>NIK347</b> COCAINE	<b>\$25.50</b>
<b>NIK348</b> METHADONE	<b>\$25.50</b>
<b>NIK349</b> PCP	<b>\$25.50</b>
<b>NIK350</b> BROWN HEROIN	<b>\$25.50</b>
<b>NIK351</b> METHAMPHETAMINE/ECSTASY	<b>\$25.50</b>

## NIK® MASTER-PAC®

Recommended when the need for NIK® Master-Pac®.

Recommended when the need for complete polytesting is anticipated. It can also be used effectively when drug overdose is suspected. Each test contains 10 tests.

### Contains:

- 2 boxes each of tests A and E
- Box each of tests B, C, D, G, H, J, K, L & U
- Box of acid neutralizer (test f)
- Polytesting instruction manual
- Polytesting report pad
- Identidrug™ desk chart
- Narcotic Field Test Training CD

**NIK355** ..... **\$290.00**

## LIGHTNING POWDER® INK REMOVER TOWELETTES

These towelettes are saturated with an ink remover solvent and are manufactured specifically for the purpose of cleaning ink from the hands. Each 5"x8" towelette is individually sealed in an airtight foil packet (2"x2.25"). They are also handy for cleaning latent print powder off of your hands. Lightning offers a money-back guarantee if their towelettes dry out before opening. Box of 100.

**LIG203** ..... **\$12.00**

## NIK COCAINE ID SWABS

Used to presumptively detect the presence of Cocaine, simply wipe a Cocaine ID Swab over the suspected surface. Test results are immediate. If the swab changes to a blue color, there is a good reason to suspect the presence of Cocaine and may be sufficient cause for further investigation.

**NIK357** BOX OF 50 SWABS ..... **\$44.00**

## NIK® 60-PAC

Economy kit, ideal for patrol or remote field operations. Includes:

- 10 each of tests A through E and G
- Polytest Instruction Manual
- Durable polystyrene carrying case

**NIK362** ..... **\$153.75**

## LIGHTNING POWDER® FINGERPRINT INK ROLLER

Constructed specifically for use in fingerprinting, the frame is heavy duty steel, and the handle is made of wood. The 4" roller is of medium-soft composition, ensuring an even distribution of ink. Repeated cleaning with solvents will not damage this roller.

**LIG205** 4" ROLLER ..... **\$29.25**

## LIGHTNING POWDER® SLABS

The stainless steel slab is sturdy and hard to scratch. It is easy to clean and keeps the ink smooth. This steel slab is recommended for use in jails or other areas where criminals are being fingerprinted. The glass inking slab has safe, sanded edges and comes complete with hardware for permanent mounting. This slab is longer than the steel slab and easier to clean, but could be broken and used as a weapon if used in a jail or other areas where personal safety is a concern.

**LIG212** STEEL 5X10 SLAB ..... **\$12.25**

## LIGHTNING POWDER® EVIDENCE SECURITY BAGS

Protecting the evidence means more than just making sure no one steps on it at the crime scene! These evidence bags feature tamper-evident designs to indicate if the evidence is still secure. These bags are leakproof and are made of 4 mil. thick, tear and puncture resistant plastic. Packs of 100.

**LIG210** 6"x8" ..... **\$41.00**  
**LIG211** 9"x12" ..... **\$57.75**

## LIGHTNING POWDER® STANDARD ZIP- LOCK RECLOSABLE EVIDENCE BAGS

These self closing bags can be quickly opened and closed. The bags are .004" thick and have a large white space for ease in writing. Packs of 100.

**LIG216** 4"x6" ..... **\$13.00**  
**LIG217** 5"x8" ..... **\$15.25**  
**LIG218** 9"x12" ..... **\$29.50**

**FORENSICS SOURCE CRIME SCENE ID TENT**

Each marker features two 3" x 3" surfaces and L-shaped metric reference scale that can be used to frame evidence and act as a useful photographic reference. Made of durable plastic and stackable for compact, easy storage. Available in White or Yellow.

AMR109 ..... \$46.75

**FORENSICS SOURCE POCKET PRINT® ELIMINATION KIT**

The only truly inkless method available to obtain elimination prints in the field. Each kit contains 50 record sheets. The backside of each sheet allows you to record the case number, demographics and a signature. AFIS compatible

ARM102 ..... \$22.25

**FORENSICS SOURCE EVI-PAQ® BOXES**

Made of ultra-durable 200psi burst strength cardboard stock, these evidence boxes were designed for strength and security. Pre-scored holes line the bottom of the box so you can quickly tie evidence down with nylon tie-downs. Available in bundles of 25 in the following sizes:

ARM4008 KNIFE BOXES 12.5" X 3.5" X 2" ..... \$21.50

ARM4009 HANDGUN BOXES 13" X 8" X 2" ..... \$34.75

## GARRETT METAL DETECTORS

### GARRETT SUPER SCANNER® V 1165190

Originally designed for use at the Olympic Games, the Garrett Super scanner has become the most recognized hand-held metal detector in the world. The new Super Scanner V offers outstanding performance, stability and extreme sensitivity in detecting the smallest objects. Designed and manufactured in the United States of America.

- Audible or vibrating alarm. Sharp audible and bright red LED.
- Ultimate sensitivity. Used in prisons to detect tiny, hand-crafted weapons. Used in mass transit screening.
- Detects ferrous, non-ferrous and stainless steel weapons, contraband, and other metallic objects.
- New energy efficient design offers extended battery life over previous models
- Large 10" scan surface

**GAR119** ..... \$158.95

RE-CHARGE KIT W/ BATTERY AND CHARGER
